Christmas Gift Guide

Christmas 2023

The NABOF Story...

Not Another Bunch Of Flowers was set up in 2013 by Anikka following her cancer diagnosis when she realised there was nowhere to find suitable gifts for someone going through a tough time. We started with cancer care packages and hospital hampers, but grew quickly to cover all gifts for all occasions. We are proud to use the business to support a number of cancer charities in recognition of the help we received during our own treatment.

We currently stock over 3000 handpicked items from 100 suppliers and carefully select each item for our signature ready made boxes but there is also the option to make your own!

And we don't just do gift boxes. We offer the whole gift package experience, from personalised keepsakes, to greetings cards and much more.

Anikka x

We are proud to have raised and donated over £125,000 to the following charities in recognition of the support we received during our diagnoses:

Build Your Own Christmas Gift Box...

And create the most unique and personalised present!

Create your own bespoke gift box in just 3 easy steps. Choose your gift box, select your gifts, pick your card and we will deliver your bespoke Christmas gift box straight to your door or directly to the recipient.

In Just 3 Easy Steps!

1.

Choose Your Box Design

Start by choosing the gift box you would like to send. We have a huge range of designs which can be added to each box. We have generic Christmas designs or you can add a personalised message to make your gift that little bit more personal!

2.

Fill With Treats

Next, explore our extensive selection of handpicked items. You'll find everything from chocolates, gourmet snacks, and scented candles to pampering skincare products and personalised keepsakes. Mix and match to your heart's content!

3.

Let Us Do The Rest

And lastly add a personalised message or Christmas card. Each gift box is lovingly hand-prepared by one of our team, using a high quality packing box and shredded kraft paper to ensure the set not only reaches the recipient safely, but looks lovely when opened. You can also have your gift box gift luxury wrapped (shown above).

Making The Most Unique Gift!

Which is personalised to suit the recipient.

One of the most compelling reasons to choose a bespoke gift box is the opportunity to tailor the contents to match the recipient's interests, preferences, and even dietary restrictions.

Corporate Christmas Gifts

We create completely unique gift boxes for both employees and clients to suit your brief and budget.

We make suggestions based on your budget, working with you to tweak the contents to create the perfect gift set, and either send them to a single address to tie in with an event, or directly to the recipients' homes. We design and create branded gift boxes and cards using your logo and message with a festive feel.

We work with over 100 suppliers and you can choose from a wide range of options including sweet and savoury treats, booze, fun festive gifts, games, decor, pampering or cosy treats, wellbeing gifts, stationery and personalised products. We can also cater for dietary requirements and allergies. The contents can be as 'gift-y', 'corporate', 'Christmassy' or as 'festive' (if you'd prefer to avoid the religious connection) as you'd like.

All boxes are carefully packed in house and shipped in advance to ensure they arrive in time, we also keep you updated every step of the way.

So whether you need 100 or 1000 gift boxes, we can cater for your needs!
