The list goes on and on.

Main features

MODEL: EM-1010

△ Single head machine with 10 needles to meet all of your embroidery needs

△ Sleek and stylish design with 7" HD true color LCD touch screen

△ User-friendly interface with easy-to-understand icons and operation

△ Multiple languages available, including English, Chinese, Spanish, Portuguese, Turkish, Dutch, French, German, Thai, Arabic, etc.

△ Servo motor enables machine to be more durable and reliable

△ Patented intelligent thread break detection system

△ Linear guide rail makes machine more reliable

△ Low power consumption at 80W

△ Automatic color change

△ Automatic thread trimming

△ Single button with different color display for START and STOP

△ On-board lettering

△ One-step appliqué

△ One-step tracing

△ Machine reads multiple design formats, such as DST and DSB

△ Dual CPUs enable design input/output while machine is in operation

△ Pre-set hoops to avoid hitting hoop frames

△ Position of design within hoop is displayed on screen while in operation

△ Design automatically rotates 180° when switching from cap to flat (or vice versa) embroidery mode

△ Recessed USB port to better protect USB flash drive

△ Automatic data restoration when machine is powered off and later powered back on

△ While working, the embroidered part will be displayed in color with the unfinished parts in shadows

△ Digital ON / OFF switch for built-in LED light

△ Screensavers available

△ Ethernet or wireless connection makes it easy for design management on PC

△ Network capability

△ Environmentally-friendly heavy duty carton package
