

SM024-RD

The M024 sewing machine gives you the luxury items of an expensive machine, in a compact parcel of a small machine. An automatic needle threader, twin needle and drop feed for free-motion sewing capability, the SM024 can have you sewing with a professional finish.

Hobbyists will love its fast threading and reliable stitching - whether using the 4-step buttonhole feature or the all-purpose foot and free arm to create quality hems and cuffs. At any speed, a durable all-metal frame delivers the steady support expected in a Singer sewing machine. Stitch by stitch, the needle feeder and easy-winding front load bobbin are in full view beneath the brilliant LED lighting.
