

Easter Egg Unscramble the Letters Craft Idea

1. Take a large egg cut-out and using scissors or another cutting tool cut the egg horizontally in a jagged way to look like it has been cracked open. Set aside.

2. Using a piece of construction paper as the backdrop, glue a sheet of our duckling mini notepad to the paper. Then glue the large egg cut-out over the duckling to look as if the duckling is hatching from the egg.

3. Using a marker, write the scrambled letters on the top half of the shell. Write instructions or a clue on the bottom half then write blank spaces at the top of the paper for the kids to write out the word.

 Creative Shapes Etc.

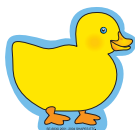

Add that extra touch by using glitter glue, markers, crayons, etc. to enhance your work
