

# Veterans Day Billboard/Craft Idea

- 1. Place construction paper on the bulletin board to use as a background. Line the outside of the board with single color stars, leaving some space at the top to later create tissue paper bursts.**
- 2. Take the red, white and blue large hand cut-outs and arrange in the shape/pattern of the American Flag.**
- 3. Carefully trace and cut-out letters for the message you would like to use. Arrange and glue the letters to the board. Crumple up tissue paper and glue in the spaces you left at the top of the board.**

Add that extra touch by using glitter glue, markers, crayons, etc. to enhance your work

Items used:

SE-8509

SE-8243

Other shapes that could be used:

SE-8610

SE-7542

SE-7521

SE-7416

Other items needed:

Construction paper -

for lettering and background

Tissue Paper

Glue
