

# Winter Billboard/Craft Idea

- 1. Using a pair of mitten cut-outs and working with one at a time, carefully put paint on your hand and place it down on the mitten creating a handprint. Repeat with other mitten, glue a stretched out cotton ball to the bottom and let dry.**
- 2. Once they are dry, glue the mittens to a Super Cut-out Heart. Then add a small heart to the bottom of the bigger heart and write a message inside. Attach hearts to a bulletin board for an easy winter design.**

Add that extra touch by using glitter glue, markers, crayons, etc. to enhance your work

Items used:

SE-9902

SE-8511

SE-611 or SE-7362

Other items needed:

Paint to create handprint  
Cotton Balls  
Glue
