

# The Queen of Comfort Capsule Wardrobe

A capsule wardrobe is essentially just a carefully curated closet filled with only things you truly love and actually wear. The size of your capsule wardrobe will vary depending on your preferences but they're often made up of 27-40 pieces: bottoms, tops, layers, dresses and outerwear.

We've carefully selected what we think could be in your capsule. Since we're not magicians, we added a few extra silhouettes and styles for you to choose from to create your own ideal capsule wardrobe.
