

W1050 1080p Fixed Focus Wide Angle Webcam

Part Number: K80251WW | UPC Code: 0 85896 80251 8

Showcase
you, your
team or your
background.

Kensington's W1050 1080p Fixed Focus Wide Angle USB-A Webcam is a professional yet cost-effective webcam delivering high-quality video (1080p @ 30fps), omnidirectional microphones, together with unique features for privacy, camera placement and improved low light imaging. The W1050 is optimised to help you look and sound your best on today's most popular video conferencing applications and is part of Kensington's Professional Video Conferencing ecosystem - a powerfully cohesive software and accessory experience that empowers you to spend more time collaborating. Whether you're working from home or from the office, needing to fit more people in the frame, or teaching or learning, the W1050 presents you, only better - on Microsoft Teams, Google Meet, Zoom, and more.

Features include:

- Fixed focus ensures you, your team, or your environment are always in focus
- Optimised for Microsoft Teams, Zoom and more
- Wide 95° field of view is perfect for offices or small meeting rooms
- Powerful and simple Kensington Konnect™ software
- Electronic pan, tilt and 2x zoom simplifies focal point changes
- Manually adjusts up to 37° vertically and 360° horizontally for ideal angles
- Large sensor size for improved low light imaging
- Omnidirectional microphones with noise cancellation technology
- Rigorously tested and approved for Wipe Down Protection

W1050 1080p Fixed Focus Wide Angle Webcam

Part Number: K80251WW | UPC Code: 0 85896 80251 8

Optimised Video Technology

Delivers vibrant video at 1080p (1920x1080 @ 30fps) with enhanced support for low-light environments.

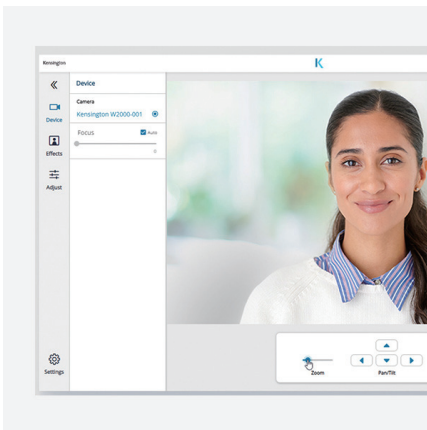

Fixed Focus with Versatile Positioning

The fixed focus glass lens ensures you are always in focus - even in low-light or high-contrast environments. Up to 37° vertical and 360° horizontal manual adjustment to ensure the best camera angles.

Wide Video Frame with Privacy Cover

The 95° diagonal field of view is perfect for small team meetings, teaching lessons or presenting products. The integrated lens cover allows you to control when you are seen.

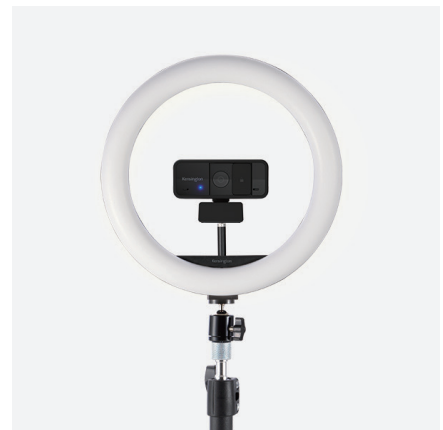

Simple & Powerful Software

Kensington Connect™ allows you to personalise your video settings with the click of a button and create custom use-case profiles. Electronic pan, tilt and 2x zoom (ePTZ) simplifies focal point changes between you, your team, or your background.

Omnidirectional Stereo Microphones

Two microphones with noise-reduction technology ensure you sound professional in every meeting and presentation.

Kensington Ecosystem Compatible

Create a tailored setup based on your environment and budget by combining with a Desktop Stand (K87651WW) and Ring Light (K87653WW) - other accessories also available.
