Kensington®

# Orbit® Trackball with Scroll Ring — White

Part number: K72500WW | UPC Code: 085896725008

Scroll ring lets you spin the dial to move up and down web pages or documents with complete ease.

40mm ball has a hard surface specially designed as a perfect sphere for precise tracking and control.

Free TrackballWorks™ downloadable software provides an even more personalised experience, giving you the ability to assign a wide variety of program functions to each of the two buttons, as well as adjusting cursor and scrolling speeds.

Optical tracking technology delivers precise cursor movement for superior accuracy, so you can get where you want on the screen quickly with less hand movement, improving productivity and efficiency.

Detachable wrist rest delivers soft cushioning to support the hand and wrist in ergonomic comfort for pain-free productivity during extended periods of activity on the computer.

Ambidextrous design works equally well for right-handed and left-handed users.

Windows   macOS

**PLUG&
PLAY**

Plug-and-play installation lets you get clicking and scrolling on your Mac or PC with fast, simple installation through the reliable wired USB connection — no batteries required.

Sleek white base with silver ball is designed to complement your desktop and office aesthetic.
