A cracker of a
Gift idea!

Nanas are buying them, Aunties are buying them,
workmates are pitching in to buy them
this Christmas
because...

- A cosy familiar Sleepwrap provides a safe and familiar sleeping environment for your baby, no matter where you are.
- Just put the Sleepwrap around a mattress at Home and away in a bach, caravan, tent or boat and follow the simple instructions.
- It is so light and compact for travelling. You can roll it up small enough to fit into a handbag, backpack, glove box or briefcase. You don't need to lug around a portable cot/crib.
- The Small (Classic) model fits aircraft cradle, bassinet, cot/crib and standard single bed mattresses for caravans, boats and more.
- The Large (Travel) model fits any size bed from cot to standard NZ king. Wonderful, practical and easy when visiting family or friends who don't have single beds and for your holidays overseas.
