## Bracelet & Cuff Sizing Guide

Scale this PDF to 100% and print on US letter size paper (8.5" x 11").  
Can you fit a credit card in the space below? Then you've successfully  
printed this sizing guide to scale. Huzzah!

Extra Small ~ 18-19.5cm  
Small ~ 19.5-21cm  
Medium ~ 21-22.5cm  
Large ~ 22.5-24cm

Cut out the paper bracelet sizing strip and make a small slit on the dotted line. Wrap the sizer around your wrist. With the pointed end through the slit, tighten around your wrist until it's comfortable. Note your measurement on the sizer.

With the guide above, select your best bracelet size. If it falls between two sizes, we recommend selecting the larger size.
