For optimal adhesion, press firmly & leave for 72hrs in a 20°C environment before use. Do not reposition. Do not use prior to the 72hrs.

**Before attaching the Puck, fully clean the back of the tablet with the provided wipe and allow it to fully dry.

**This step is mandatory.
Feed the cable through the Dock.

Locate the cable as shown & secure the Mount Ring to your mounting surface.

Locate & secure the Dock onto the Mount Ring.

Locate & secure the Dock onto the Mount Ring.

Slide the Puck sideways, fully into the Dock. The Dock retains your device. The cable can now be connected.

To undock, depress the release button & simultaneously slide your device out of the Dock.

For added security, lock the Dock with your key whilst your device is Docked.

For additional security, tether your Dock with a Kensington security cable. *Security cable not provided.

Recommended minimum distance from wall/back of surface: 140mm.
