SPRAYING **REDEFINED**

THE BEST AND LONGEST WARRANTY IN THE INDUSTRY

Four-Year Manufacturer's Defect

We pledge that our sprayers are free from defects in materials and workmanship. This excludes normal wear items and consumables such as filters, piston, packings, spray tips, spray guns, hoses, etc.

Lifetime DuraLife Brushless HE and PMDC Motor Warranty

If the motor fails for any reason (including wear) for as long as you own the sprayer, we will replace the motor at no cost to you.

Limited Lifetime DCX Motor Warranty

If the motor fails from normal usage for as long as you own the sprayer, we will replace the motor at no cost to you.

Gas Engine Warranty

Three-year Honda® and two-years all others.

Two-Year Turbine Warranty

Lifetime Drive Train Warranty

If the drive train fails from normal usage for as long as you own the sprayer, we will replace the drive train at no cost to you.

Lifetime Warranty on PermaStroke Technology™ Fluid Pump

Get a lifetime warranty on the PermaStroke Technology fluid pump. If the fluid pump fails for any reason (including wear) for as long as you own the sprayer, we will replace the fluid pump at no cost.

35-Day Satisfaction Guarantee

If for any reason the sprayer does not perform up to your expectations within 35 days, the sprayer can be exchanged for the identical model or full credit toward the purchase of a Titan sprayer of larger size and value.

Express Parts Program

- ▶ More than 550 Authorized Service Centers nationwide
- ▶ The most common repair parts are guaranteed to be in stock 100% of the time
- ▶ If for any reason your preferred Authorized Service Center is out of stock, free 2nd day air is available when ordered by 3:00 pm (EST)

FINE FINISHING

04 CAPSPRAY™

Perfect for the smaller to medium size contractor who is looking for a lightweight, portable sprayer

12 AIRLESS & AIR-ASSISTED AIRLESS

Air-assisted sprayers that provide a superior, consistent finish.

08 MAXUM™ GUNS

Finishing tools designed for maximum control and accurate delivery.

14 GM 3600 PRO GUN

Ergonomic comfort and a reversible tip system without sacrificing finish quality.

10 CAPSPRAY ACCESSORIES

Use Titan Capspray accessories to ensure the best sprayer performance.

15 FINE FINISH TIPS

Check out our hard-working assortment of tips devoted specifically for fine finishing.

11 FINE FINISH ACCESSORIES

For finishing professionals who expect flawless results, we have the tools for the perfect finish.

OUR MISSION

When your business depends on the tools you use,
you need to be able to count on the people who make them.
Our relentless commitment to helping every professional painter
be their best leads to better work, improved ROI and growing business.

CAPSPRAY™ SERIES

Woodworking, cabinetry and furniture finishing projects require the performance that only Titan Capspray can deliver. These high volume, low pressure sprayers are the turbine-powered equivalent of paint brushes; designed and manufactured to apply a broad range of fine finish coatings—from stains to paint—with speed and pinpoint control. With more than three decades of dependable performance in the field and workshops around the world, Capspray series HVLP sprayers have earned a reputation as the best in the industry.

PRECISION AND SPEED WITH FLAWLESS RESULTS

High-end woodworking, cabinetry, and furniture projects require a finish that only a Capspray HVLP system can deliver. The Capspray Series is efficient and durable with unmatched portability and intelligent design making jobsite life easier.

Best-in-Class HVLP Guns

Deliver the ultimate finish and maximum control.

Automotive Quality Filter with Pre-filter

High-performance automotive type air filter delivers clean atomizing air and a consistent fan pattern.

Onboard Tools

Convenient built-in cup holder, tool box for air caps and projector sets

Quick Change Dual Air Filtration

No tools required to change filters for atomizing and cooling air filters.

Dirty Filter Warning Light

Notifies you when it's time to replace the air filter

Choose From 3- to 6-stage Power

Spray light- to heavy-bodied coatings without thinning.

CAPSPRAY 75 / 95

7.50 / 9.50 psi

Recommended for light-bodied coatings

Features:

Three-stage Turbine (Capspray 75)

Perfect for light-bodied coatings like laquers and stains.

Four-stage Turbine (Capspray 95)

Perfect for light- to medium-bodied coatings like laquers and stains.

High Transfer Efficiency

Ranges up to 90%.

Dual Air Filtration

Atomizing air has a pre-filter and automotive type air filter; turbine cooling air is also filtered.

Onboard Toolbox

For needles, nozzles, air caps and nozzle wrench.

Built-in Gun & Cup Holder

For added storage and portability.

Dirty Filter Warning Light

Extend the life of your turbine and maintain maximum performance with clean filters.

Sound Reduction Technology

Lowers the decibel level on the jobsite

Capspray 75

Ideal for medium residential or commercial jobs, the 3-stage Capspray 75 will handle enamel and multi-color coatings in addition to stains, sealers, light-body varnishes, shellac and lacquer.

Capspray 95

As business grows, so does the size of the projects. When more power is needed, professionals rely on the Capspray 95, a powerful, versatile 4-stage turbine unit designed to apply a wide range of coatings, from ultra-thin stains to heavy latex paint. This sprayer includes state-of-the-art atomizing air filtration for best finish quality, plus a longer air hose and more advanced noise control for extended use.

The Capspray 75 & 95 come with a 25' air hose, #3 Pro Set, and the Maxum II gun

	Capspray 75	Capspray 95
SPECIFICATIONS		
Air Pressure	7.50 psi	9.50 psi
Turbine	3-stage Tangential	4-stage Tangential
Hose Length	25'	30'

CAPSPRAY 105 / 115

10.50 / 11.50 psi

Recommended for light and medium-bodied coatings

Features:

Five-stage Turbine (Capspray 105)

Atomizes coatings with little or no thinning.

Six-stage Turbine (Capspray 115)

- Two-speed switch
- Atomize coatings with little or no thinning

High Transfer Efficiency

Ranges up to 90%.

Dual Air Filtration

Atomizing air has a pre-filter and automotive type air filter; turbine cooling air is also filtered.

Onboard Toolbox

For needles, nozzles, air caps and nozzle wrench.

Built-in Gun & Cup Holder

For added storage and portability.

Dirty Filter Warning Light

Extend the life of your turbine and maintain maximum performance with clean filters.

Sound Reduction Technology

Lowers the decible level on the jobsite

Capspray 105

Larger projects involving heavier-bodied coatings require the 5-stage power and long-term dependability of the Capspray 105, a solid – but remarkably lightweight – workhorse HVLP sprayer capable of atomizing thick latex or solvent-based paints, enamels or varnishes with little or no thinning. This is the sprayer professionals use when projects expand or workshops fill with cabinets and furniture.

Capspray 115

This revolutionary, 6-stage portable turbine spraying system is the only turbine ever to achieve full HVLP capability. It combines quiet operation and high air cap pressure for the finest atomization possible. Capspray 115 will apply all fine finish coatings with little to no reduction.

SPECIFICATIONS	Capspray 105	Capspray 115

■ The Capspray 105 & 115 come with a 30' air hose, 5' whip hose, #3, #4 & #5 Pro Sets and the Maxum Elite gun

MAXUM™ SERIES GUNS

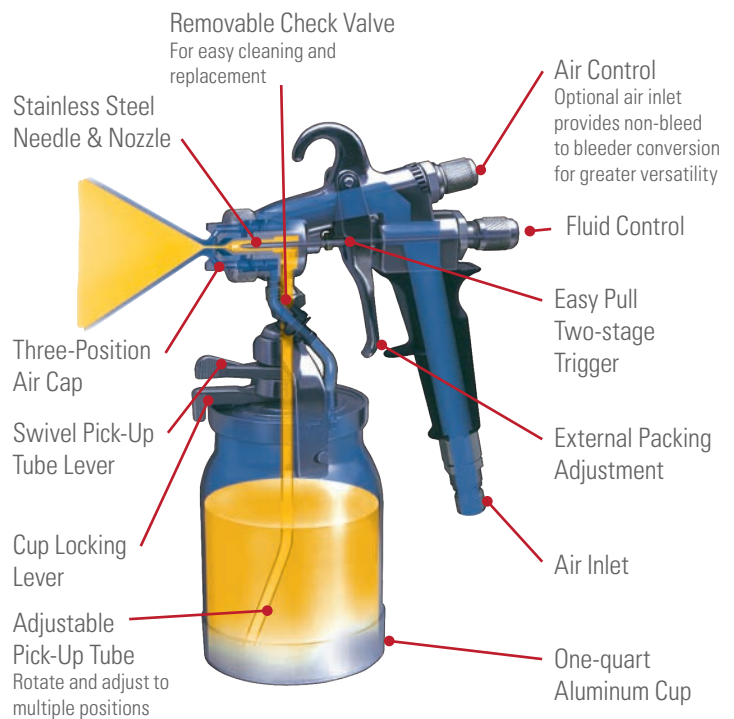

Designed for maximum control and accurate delivery, the Maxum series guns are an excellent choice for contractors and finishing professionals who need a precise fine finishing tool.

MAXUM II GUN

The Maxum II provides precision and control while delivering a flawless finish. Designed with large internal air passages that provide the versatility to spray light- and heavy-bodied coatings with ease.

- Ability to convert from non-bleeder to bleeder gun
- Comes standard with a #3 Pro Set (needle set)

PRECISION AND SPEED WITH FLAWLESS RESULTS

MAXUM ELITE GUN

The Maxum Elite gun is designed for contractors and finishing professionals who expect flawless results with the versatility to use a gravity or siphon fed cup gun.

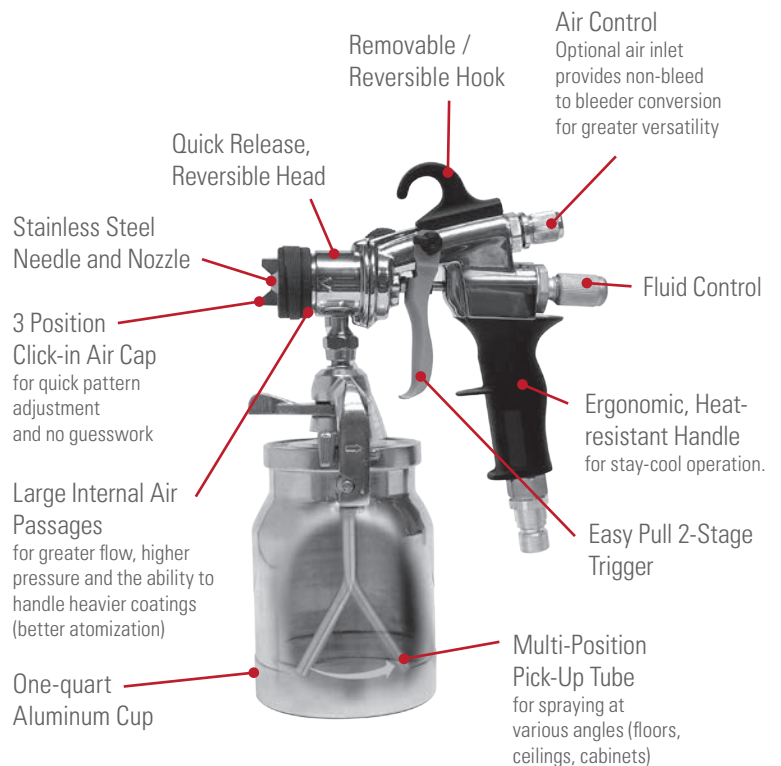

- Removable and reversible fluid chamber design enables use with standard pressurized cup and pressurized gravity cup
- Indexed air and fluid controls for easy use
- Fluid needle stays with packing and head assembly for color and tip size changes—allows for easier storage and clean up
- Integrated check valve in gun head
- Comes standard with #3 Pro Set (needle set)

3M® PPS™ Paint Preparation System

This system is a unique, closed paint system that eliminates the need for separate mixing cups and filters. Instead, paint is mixed in a liner bag which marries to a direct filter and is then mounted on the spray gun with a dedicated adapter.

- As freshly-filtered paint is dispensed, the liner bag collapses, allowing the spray gun to function at any angle.
- A cleaner, faster system, safe from outside contamination that saves time and money on the cost of solvent for cleaning the gun and its parts.

DESCRIPTION	PART NO.
Series 2.0 3M PPS Starter kit (Cup, Gun Adapter and 10 lid and liners.)	CA91-589
Series 2.0 Pressure Cup	CA91-560

Series 2.0 PPS Adapter for Pressure Spray Gun	CA91-575

Two-Quart Remote Cup 524203

Transform your turbine system into a high-capacity sprayer without adding the cost and weight of a bulky air compressor.

For use with Capspray 75-115 sprayers.
5' Air whip hose sold separately.

HVLP Power Cart 524000

Ideal for jobs where mobility from one application area to another is critical to the speedy completion of the project.

- Auto Shut-off for quiet operation, lower heat, greater efficiency and longer operating life
- Positive lock mechanism for easy mounting of all Capspray turbine units
- Solid polymer/steel construction combines strength and light weight
- 2.5 gallon pressure pot is powder-coated and equipped with regulator and gauge
- Telescoping handle with hose wrap for easy storage of air and fluid hose
- Pot liners available for easy clean up

Cleaning Kit with Case 10-501

- 6 pc Precision Needle Set
- Handle for Precision Needle
- Handle for Detail End Brush
- Paint Gun Lube, 30 ml
- 3 pc Detail End Brush (1/4", 3/8", 1/2")
- 12" Pick-Up Tube Brush

- Nylon Bristle Parts Brush
- Brass Power Pick-Up Tube Brush
- 1/4" H.V.L.P. Brush
- 1/2" Body Cavity Brush

17-Piece Gun Cleaning Kit 10-500

- 4 Large Tube Brushes
- 5 Precision Mini-Twisted Brushes
- 6 Precision Cleaning Needles
- 1 Small Cleaning Rod w/ Brush
- Nylon Bristle Parts Brush

AIRLESS & AIR-ASSISTED AIRLESS

When you need the finest of finishes at the fastest rate turn to Titan's airless and air-assisted airless fine finish sprayers.

Features:

High Production Fine Finishing

All Architectural Coatings

From clears to finish-quality latex.

Zero Pressure Fluctuation

ED 655 Plus

A compact, lightweight system that's easy to use, easy to transport, and dependable. For fine finish projects and the contractors who tackle them, we designed the Titan ED 655 Plus.

ED655 Plus

AirCoat® Airless & Air-Assisted Airless

Two systems in one! Uses low airless fluid pressure in the air-assisted mode to deliver ultra fine atomization with higher transfer efficiency. The airless mode uses high pressure to spray interior and exterior paints. Atomize all fine finish coatings at lower pressure for great control. Also includes suction set for pumping directly from five-gallon bucket.

MULTIFINISH™ 440

0.54 GPM

Recommended for high production fine finishing and architectural coatings

High Production

High-speed and fine finish in one sprayer

Versatility

Use as an Air-Assisted Airless or standard airless sprayer.

Efficient Compressor

Easy to start, quiet and efficient.

Powerful

Spray all fine finishes without thinning.

MultiFinish 440

The MultiFinish 440 is a high production air-assisted airless sprayer built on the legendary Titan 440 airless sprayer platform, offering two systems in one. It sprays all fine finish coatings with little or no reduction.

SPECIFICATIONS	MultiFinish 440
Max. Delivery	0.54 GPM

WEARGUARD CONVENIENCE PROGRAM KEEPS YOU UP AND RUNNING

When you purchase a new Titan sprayer, you're able to take advantage of our exclusive WearGuard Convenience Program. Protect your investment by purchasing a spare fluid section or PermaStroke kit at a discounted rate. Save yourself the time and frustration of an extra trip or waiting for parts to arrive in the event that your sprayer goes down. When you have a backup fluid section or PermaStroke kit on hand, replacement can quickly be made without leaving the jobsite and doesn't require special tools. The bottom line is that WearGuard keeps you up and running.

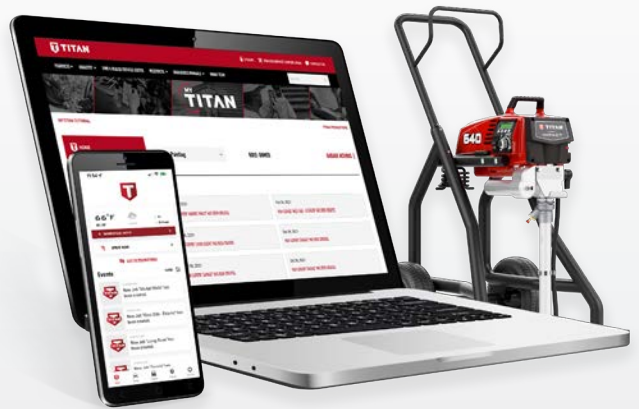

Not interested in purchasing a spare fluid section? We also offer the option of a free packing kit on select sprayers.

For more information on pricing and how to order, go to:

www.titanwearguard.com or scan the QR code.

KEEP TITAN WITH YOU WHEREVER YOU GO

MyTitan™ gives you immediate access to all things Titan. Anywhere, anytime on your computer or mobile device. MyTitan gives you everything you need to get the most out of your sprayers, all in one place, no matter where the workday takes you. MyTitan is designed to make your life easier, your business more efficient, and your day more productive—so you can stay ahead of the game, do more in less time, and never lose track of another detail.
