AUTUMN/WINTER
2017

A scenic landscape at sunrise or sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. The sky is filled with soft, wispy clouds. In the foreground, a dirt road winds through a lush, green forest. The trees are dense and their leaves are vibrant. The overall atmosphere is peaceful and serene.

Monochrome

This collection is exactly that, black and white! Everybody loves black, but rather than doing an all black collection we added in the white elements to soften the tone. You will also see beautiful soft floaty fabrics, plenty of lace and detailing, and off course, beautiful monochrome prints.

Rock Rhapsody

This collection is quite moody with a much darker colour pallet which takes on a tougher, edgier look. However, it is much easier on the eye with the addition of softer finishes. We've mixed leather and sequins for a rock edge.
