Kitchen 11:47 AM / Avg Order 0:41

We have completely redesigned the ChefTab® User Interface to make it more intuitive and easier to use as well as improving the code to allow ChefTab® to more easily accommodate future generations of the Android operating systems. Don't be alarmed though, all of the features and functionality that you have already become accustomed to are still there, just with a fresh new look !

Let us show you some of the basics.....

# ACTION BAR

A row of Buttons towards the bottom of the screen to perform everyday functions

The screenshot displays two order screens side-by-side. The left screen shows order #104 with items: 1 KIDS MEAL W/ COKE, 3 CHZ BURGERS, 2 LG FRIES, 1 MED FRIES, 2 VAN SHAKE, 1 ORANGE SODA NO ICE, and a red 'END' button. The right screen shows order #109 with items: 5 SLIDERS NO ONIONS, 3 LG FRIES, 1 CHZ DOGS KETCHUP ONIONS, 1 VAN SHAKE, 1 STRAW SHAKE, 1 CHOC SHAKE, and a red 'END' button. At the bottom, a red-bordered action bar contains buttons for Left, Home, Trash, Undo, Sum, S.O.S, Find, Help, Mgr, About, and Right. The status bar at the very bottom shows 'Kitchen' on the left and '11:47 AM / Avg Order 0:41' in the center.

- We have moved the Action Buttons, which are highlighted here in the red box, from the top of the screen to the bottom of the screen. This makes it easier to reach the buttons for those mounting a touchscreen monitor over head.
- The buttons now have a text description along with the ICONS for more clarity.
- We have added several buttons for common functions that were previously only accessible via the drop down menus. Such as S.O.S, Find and About.

# INFO BAR

Area at the bottom of the screen to provide the user with system feedback

The screenshot displays two order screens side-by-side. The left screen shows order #104 with items: 1 KIDS MEAL W/ COKE, 3 CHZ BURGERS, 2 LG FRIES, 1 MED FRIES, 2 VAN SHAKE, 1 ORANGE SODA NO ICE, and a PAID status. The right screen shows order #109 with items: 5 SLIDERS NO ONIONS, 3 LG FRIES, 1 CHZ DOGS KETCHUP ONIONS, 1 VAN SHAKE, 1 STRAW SHAKE, and 1 CHOC SHAKE, also with a PAID status. Below the order screens is a navigation bar with icons for Left, Home, Trash, Undo, Sum, S.O.S, Find, Help, Mgr, About, and Right. At the very bottom, a red-bordered Info Bar contains the text 'Kitchen', '11:47 AM / Avg Order 0:41', and a close button.

Kitchen 11:47 AM / Avg Order 0:41

The Info Bar, highlighted in the red box, is an area on the very bottom of the screen where we can provide information such as station name, clock and average order time, as well as health status information for things like network, server, SD card, etc.

# SUMMARY / ALL DAY ITEMS

## Enhanced functionality for Summary and All Day Items

Another nice improvement that has been made is to the SUMMARY function. The SUM button is now a multi-state button which allows you to toggle between Summary Items and All Day Items, or to Hide the window altogether. When you toggle to a particular view, that view will stay on the screen until you change it. Meanwhile, all of the counters and orders will be dynamically updated.
