**BODY DX™** is designed to support detoxification of environmental chemicals, heavy metals such as mercury and lead as well as unwanted mineral deposits in arteries and throughout the body. BODY DX supports removal of other environmental toxins through drainage pathways and may support removal of excess cholesterol build up.\*

- Heavy Metal Detox
- Support Drainage Pathways
- Environmental Detox Support
- Arterial Health Support

# BODYDX

## COMPLETE BODY CLEANSE

### PROFESSIONAL BODY DETOX

**Dietary Supplement**  
120 Capsules

**Suggested Use:** As a dietary supplement, take (2) capsules two to three times daily between meals with water. For optimal drainage and support take V MAX and HydroMin or MultiVite while using this product.

SUPPLEMENT FACTS		
Serving Size: 2 Capsules		
Servings Per Container: 60		
	Amount Per Serving	%DV
<b>ChelaNOX Metal Detox Blend</b>	<b>1,200 mg</b>	*
<small>EDTA, Chlorella Algae, Modified Citrus Pectin, Cilantro Leaf Extract 4:1, Shilajit 10:1 Extract, Zeolite</small>		
<b>ChelaNOX Liver &amp; Kidney Support Blend</b>	<b>199.9 mg</b>	*
<small>N-Acetyl Cysteine, Alpha Lipoic Acid, Uva Ursi Leaf Powder, Stinging Nettle Leaf Powder, Milk Thistle Seed Powder</small>		

\* DAILY VALUE (DV) NOT ESTABLISHED

**Other Ingredients:** Cellulose (Capsule), Silica, Vegetable Stearate

Manufactured exclusively for: 

7901 4TH ST N, STE 300, ST. PETERSBURG, FL 33702

What is BODY DX?

BODY DX is a blend of minerals, herbs, and other nutrients shown to support the body's innate detoxification of environmental chemicals and heavy metals. Key ingredients may assist in the removal of lead, mercury, and unwanted mineral deposits in the body.

BODY DX can be used to enhance drainage pathways and support removal of excess cholesterol.

### Active Ingredients

- Molybdenum
- Zinc
- Selenium
- Calcium Disodium (EDTA)
- Dietary sulfur (MSM)
- Dandelion
- Camu camu
- Kelp
- Milk thistle
- Alpha Lipoic Acid (ALA)
- Chlorella
- Shilajit
- Cilantro
- Nicotinamide mononucleotide (NMN)
- Nicotinamide adenine (NAD)
- N-Acetyl L Cysteine
- CitrusPectin
- Stinging nettle
- Fulvic acid
- Uva ursi
- Garlic
- Parsley

## Benefits

### Supports liver function

BODY DX contains the highly effective chelating agent molybdenum, which is an essential cofactor in Phase II detoxification pathways. Molybdenum enzymes oxidize and detoxify numerous compounds including pyrimidines, purines, and pteridines, as well as catalyzing the conversion of sulfite to [sulfate](#).

Milk thistle protects the liver through antioxidant activity, toxin blockade at the membrane level, enhanced protein synthesis, antifibrotic activity, and by reducing [inflammation](#). It is also shown to reduce levels of total cholesterol, triglycerides, and [LDL](#). Selenium is a potent antioxidant and mineral that may help prevent liver fibrosis in non-alcoholic fatty liver [disease](#).

Zinc plays a pivotal role in numerous enzymes crucial in the maintenance of liver function, and zinc deficiency. Zinc deficiency has been shown to delay both extracellular adenosine triphosphate (ATP) clearance and adenosine generation, resulting in enhanced [inflammation](#).

### Supports heavy metal detoxification

Calcium Disodium or EDTA (ethylenediaminetetraacetic acid) has been shown to bind to [heavy metals and toxins in the bloodstream](#) (such as lead, mercury, copper, aluminum, and arsenic) and allow them to be removed from the body naturally.

Chlorella is a nutritious algae that may [reduce the impact of heavy metal toxicity](#) in the liver, brain and kidneys. It may also help to [reduce the amount of harmful chemicals](#) present in food.

### Support kidney function

N-Acetylcysteine (NAC) may help protect the kidney from injury caused by ischemia and toxins. A systematic review found that long-term supplementation of NAC may reduce the risk of kidney disease by improving glomerular filtration rate and reducing homocysteine and inflammatory [cytokines](#).

Cilantro assists both in detoxification and in [protecting against both food- and waterborne diseases](#), such as food poisoning, dysentery, and Listeria monocytogenes. Cilantro has important antioxidant effects that may also help to prevent injury to the kidneys by removing lead and mercury from the body. These toxic metals are known to reduce kidney function and increase risk for kidney and liver disease.

### Supports overall metabolic function

Nicotinamide mononucleotide (NMN) is one of the main precursors of nicotinamide adenine dinucleotide (NAD<sup>+</sup>), an essential enzyme for numerous critical cell functions, including metabolism, cellular growth and survival. NAD<sup>+</sup> supplementation may promote natural cell regeneration by stimulating DNA repair and cellular [communication](#). Reduced NAD<sup>+</sup> levels are associated with a wide range of the hallmarks of aging, from wrinkles to metabolic disorders and neurodegenerative [diseases](#).

### Assists in natural healing

Shilajit extract is a nutrient and mineral-rich biomass comprising over 84 types of minerals. It has been traditionally used to support energy production, tissue recovery, and boost circulation. Research shows that its active ingredient, fulvic acid, may enhance detoxification by removing toxins from deep tissues and promote healing in the [body](#).

Alpha lipoic acid assists in the enzymatic nutrient breakdown, provides potent antioxidant support in neutralizing free radicals, and simultaneously regenerates other antioxidants such as vitamin C and E, stimulating glutathione [synthesis](#).

## Safety and side effects

BODY DX has an excellent safety rating, with no reported interactions from the supplement.

BODY DX is not intended to replace any medication or procedures used to treat cancer, viral infections, or illnesses. Do not discontinue treatment or cancer medications without a doctor's permission.

Women who are pregnant, nursing, or any person who is immune-compromised should consult their physician before using this product. Certain medications may interact with individual ingredients – talk to your doctor if you take any medications.

### **Dosage and how to take**

As a dietary supplement, take two capsules two to three times daily between meals with water. For optimal drainage and support, take V-MAX and HydroMin or MultiVite while using this product.
