How to Use

EN

1. Mounting the action camera

① Press the button on the top of the cage to release the front cover.

② Open the side cover by sliding the push button on the side of the cage.

③ Remove the battery compartment cover from your action camera.

* Your action camera won't be waterproof after removing the battery cover.

How to Use

④ With both the front and side covers of the cage open, mount the action camera.

⑤ Close the cage covers to complete the assembly.

⑥ Through the Type-C interface on the side, you can connect your GoPro 9/10 to an external power source to extend battery life.

How to Use

2. Cage Set-up 1

① Can be placed directly on a desk tripod.

② A panel light can be connected to the cage via its top cold shoe.

3. Cage set-up 2

① Open the two folding pieces at the bottom of the cage.

How to Use

② Place the cage onto a support bracket to connect to a helmet.

* Only the cage is included in the package.
