

These screen-free activities are perfect for your kids to have fun and engage creatively for hours. Families can explore the theme in any way that's meaningful to them - there's no right or wrong! Clear your lounge room or head outside, find some cardboard, grab your Makedo tools and get making!

# EARTH MONTH

## ACTIVITY

You are environmental warriors, and Mother Nature is calling out to you to help her on an important mission. Your task is to help save our very own Planet Earth from the effects of climate change.

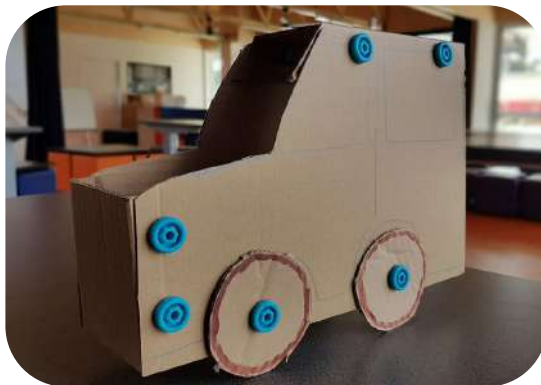

Warming temperatures and unpredictable weather, rising seas and melting ice are just some of the impacts we're seeing. They threaten the habitat of many plants and animals, including us humans.

Can YOU use Makedo tools and recycled cardboard to help solve this problem?

## INSPIRATION & IDEAS

MAKE YOUR OWN  
ELECTRIC VEHICLE

MAKE A RECYCLING STATION

MAKE A  
SUSTAINABLE  
HOUSE FOR  
YOUR PET

MAKE A  
SUSTAINABLE  
BAG

OR A  
SUSTAINABLE  
CITY

## LEARN ABOUT SUSTAINABILITY

Repurposing cardboard is one simple way to move towards sustainability so creating with Makedo and recycled cardboard is a good start!

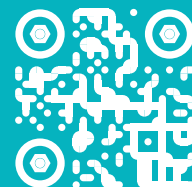

Other things you can do:

- Grow your own food
- Plant a tree
- Start a compost or a worm farm
- Make a solar oven to cook your food
- Recycle
- Pick up trash in your local park
- Buy less and reuse the stuff around you
- Mend clothes instead of throwing them out
- Buy second hand clothes

ENJOY THIS SPECIAL FAMILY TIME!

Submit your creations on the HUB  
or social media using #mymakedo

Each participant will automatically enter a prize  
draw to win a \$50 gift card for the Makedo shop!
