

SIDEWALK TRIP HAZARD REMOVAL

Remove Trip Hazards Fast With Graco's GrindLazer® Standard DC89 Scarifier

Graco's GrindLazer Standard DC89 scarifier and PCD shaving drum is great for removing trip hazards and smaller traffic markings. This highly-portable solution packs a ton of capability into a light, compact package that's easy to load into the back of a truck. This makes it ideal for tackling multiple smaller jobs quickly or working in urban areas with limited parking.

PRODUCT FEATURES:

- Shaves down trip hazards in minutes
- Cut a path up to 8 in wide
- Highly-portable design for increased mobility
- Depth control lever and dial for fine-tuning your removal
- Adjustable handlebars and vibration-reducing grips for operator comfort
- Reliable 9 HP Honda® gasoline engine
