

# UniNet

## iColor® 350

A4/LETTER SIZE  
TONER-BASED DYE SUBLIMATION  
DIGITAL TRANSFER PRINTER

## Quick Start Guide

1. From the included USB Drive, install the Post Script driver (SP C261DNw).  
Please refer to the User Manual for detailed instructions.
2. From the included USB Drive, install the  
iColor 350 Sublimation ICC Profile  
(Right click the file, and select "Install Profile")
3. When printing, be sure to select "Mirrored Output"  
in the printer properties window. Please refer to the User  
Manual for detailed instructions.

For most applications, press at 380°F for 60 to 120 seconds.  
Please refer to the iColor 350 User Manual for  
recommended settings on specific substrates.
