

## Organic Whole Bean Coffees

Vermont Coffee Company started in 2001 with the simple desire to share great coffee with the best of friends. All these years later, and the big, bold flavor of our organic, non-GMO arabica blends continues to unite a tight-knit community of farmers, retailers and customers. Ethically sourced and sustainably slow-roasted using 100% renewable energy, this is coffee that's good for both people and the planet.
