

ARRAN

SENSE *of* SCOTLAND

Inspired By Nature

Proudly made in The Isle of Arran Scotland, is the heart of inspiration for these beautifully made body care products. Arran Aromatics creativity is fueled by the diverse color palette of nature's unique blend within their landscapes.

Fragrance First

Arrans love of fragrance inspired the lifelong pursuit of exquisite scents with the power to seduce and captivate the imagination. That's why crafting the aroma is at the heart of each and everything created. A sprig of gorse, a breath of sea air and a pinch of seasoned wood. These elements combine to conjure vibrant, natural evocative scents that are uniquely Scottish, uniquely Arran.

Lochranza

A bold yet refined fragrance. Stir your senses with citrus top notes blended with the wooded spice.
