Small-Batch Cocktail Bitters  
Made in Portland, Oregon

Bitters are the spice rack of cocktail making with the ability to heighten certain flavors in spirits and mixers, while also softening others. They have the power to bring disparate flavors into harmony. The Bitter Housewife makes all natural, small batch bitters in our Portland facility by hand.

### Cardamom – BHWCB100

Named **2018 Product of the Year** by the Specialty Food Association. Our most popular flavor because of its versatility, pairing equally well with sweeter fruit based drinks or a smoky scotch. SRP \$14.99

### Old Fashioned Aromatic – BHWAB100

Our signature flavor designed specifically to enhance an Old Fashioned with subtle fruit and well rounded baking spices. SRP \$14.99

### Orange – BHWOR100

A classic bitters that adds brightness to an Old Fashioned or Manhattan, but with a touch of Earl Grey Tea for a lightly floral note that pairs well with summer spritzers and citrus based cocktails. SRP \$14.99

### Grapefruit – BHWGF100

A bright, slightly floral bitters packed full of fresh grapefruit flavor. Use it to add new life to a classic gin and tonic or pair it with an aperitif like Lillet, St. Germain, or sparkling wine. SRP \$14.99

### Bull Run Barrel Aged – BHWBR100

A marriage of Bull Run Distilling Company's American Whiskey and our classic Aromatic recipe aged in well-seasoned barrels, these bitters are a rich, smooth compliment to your favorite whiskey. SRP \$17.99

### Lime Coriander – BHWLC100

These bright and zesty bitters are packed full of fresh lime zest and highlighted with a subtle note of coriander. An obvious win for a gin and tonic, but also a great addition to daiquiri, margarita or even a martini. SRP \$14.99
