

# TREAT HOUSE

*make life sweet*

In 2011, brothers Daniel and Eli Russell organized a bake sale to help kids in Africa. With their parent's help, they made three varieties of gourmet rice krispie treats. In just over 2 hours they raised \$300 for the charity; and the idea for Treat House was born. Still a family business, Treat House celebrates family and community featuring whimsical flavors and artistically crafted Treats. True to our roots, we continue to support numerous local and national charities.
