Newsletter - September 2023

We've just bought a Rover 25 CVT for our fleet - she's a lovely addition to our line-up and with the 1.6L K Series engine is quite spritely too!

A common issue afflicting the CVT gearbox is a rattling Drive Plate - this is caused by the springs in the plate breaking up over time and can lead to 'kangarooing' when setting off from a standstill as the problem progresses.

We have the Drive Plates in stock and ready to go - handy as our 25 has this very common failure evident on cold start-ups.

Drive a car with a PG1 gearbox, and notice a lot of 'slop' in your gearstick? This is a very common problem caused by wear in the gear linkage - but fear not, we've just had delivery of a kit to fix this issue from the gurus over at Dark Ice Designs.

Featuring revised bushes that'll outlast the car combined with Stainless Steel components throughout, this kit will transform your driving experience! Fits various MG Rover models - including Rover 25 / MG ZR (1.8 and Diesel), Rover 45 / MG ZS (1.8, Diesel and 2.5 V6) along with some older models such as the 200,400, 600 and 800. Please see website for details (search for 'Gear Linkage'). This product also includes a new Roll Pin - this often wears too and is easy to change while fitting the kit.

A product line that's proving very popular lately is our line-up of Alternators - we have a range that fits most modern MG Rover vehicles at a price that won't break the bank. In the past we've had limited success with refurbished items - hence us going entirely 'new only' with these. They are all brand-new items with no re-used components - as a result there's no 'core surcharge' or deposit; they're a brand-new part you'll own outright! From the Rover 25 through to the mighty MG ZT260, we have the full range held in UK stock at our Southampton HQ.

All of our Alternators are purchased from reputable suppliers and are fully end-of-line tested before being packaged - meaning you know you'll receive an item that'll stand the test of time.

Don't forget, we're going to be attending the MG100 event at Beaulieu this month - if you're attending, come and introduce yourself!

Beaulieu
THE BIG BIRTHDAY BASH

We'll be showcasing the majority of our fleet and would love to meet you.

The event is on the 30th September - find out more at beaulieu.co.uk/events/mg-rally-100

We have plenty more on our Website!
Visit www.dmgrs.co.uk for our entire collection.

Remember - you can use discount code NL5 at checkout for 5% off your next order.
