Asseptance Qualifications Acceptance Criteria for Cannabidiol (CBD) Oil and Products
Containing CBD

The Postal Service has received an increasing number of requests to transport CBD oil and products containing CBD in Postal Service networks.

Acceptance Criteria:

Any mailer who presents CBD of or other CBD products derived from industrial hemp for making must demonstrate that their making is compliant with the <u>Agricultural Act of 2014</u> by providing the following documentation:

- i. A signed self-cartification statement, subject to False
 Statements/Concealment (18 U.S.C. § 1001). Statements must be printed on the mailer's own letterhead, must be signed by the mailer, and must motude the text. I comp that all information furnished in this letter and supporting documents are accurate, institut, and complete. I understand that anyone who furnishes false or misleading information or omits information relating to this certification may be subject to criminal and/or civil penalties, including times and imprisonment.
- 2. The industrial hamp producer possesses a license Issued by the Department of Agriculture, for the state where the Post Office/acceptance unit is located, which includes documentation identifying the producer by name and showing the maller is authorized by the registered producer to market products manufactured by that producer.
- The industrial hemp, or products produced from industrial hemp, contains a deliz-0 THC concentration of not more than 0.3% on a dry welcht basis.

Mailers must provide, at a minimum, a signed salf-certification statement on their own letterhead, a document showing the mailer has authorization to market CBD products by the entity registered or licensed by the State, and a lab report detailing the THC concentration of the CBD product.

Back To The Top

Acceptance units should obtain copies of the above-described cocumentation and retain it until the expiration date shown on the state Department of Agriculture Roense. Although the Postal Service may confirm the mailer's submission of the self-certification and supporting documentation described above, acceptance of a mailing does not consider a determination of mailability.

Note: Postel employees should be aware that the <u>Agricultural</u> <u>Improvement Act of 2018 (H.R.2; Pub. L.115-334) (*2018 Farm Bilf') was recently signed into law. This tegislation removes industrial homo from</u>

Cannabinoid Profile

"Total THC" and "Total CBD" are calculated values and are an Oregon reporting requirement (OAR 333-064-0100). For Cannabinoid analysis, only delta 9-THC, THCA, CBD, CBDA are ORELAP accredited analytes. Cannabinoid values reported for plant matter are dry weight corrected; Oregon Water Activity action level is 0.65Aw and Oregon Moisture Content action level is 15%, Samples above limit will be highlighted RED; FD = Field Duplicate; LOQ = Limit of Quantitation.
