---

Continuously  
easy

# Small in size Big on power

---

The i-vac 5B is a powerhouse machine that gets the job done. A well trusted name in the community, The i-vac 5B has surprised every user with its proven mobility, design and power. The i-vac 5B is used for offices, carpet cleaning, households, cabinets, wardrobes, and much more.

## High powered engine

High powered motor reaches about 80% (indication) of the suction power that cable operated vacuums use, without the strain of being tied down to one place.

# Key features

---

## Canister & more

Egg shaped canister for optimal working in smaller areas and close-to-body carrying. Equipped with a lighted on/off switch, so that you can easily troubleshoot over the phone in case of power failures or any other technical difficulties. Also includes a detachable power cord.

## Bag with lock

5 liter bag volume with a lock to avoid dust leakage when taking out the bag. You can choose between a paper bag, or a microfiber bag.

## Integrated tool holders

All of the accessories and necessary equipment supplied with the machine can be stored on the machine.

## Carry-on everywhere

A sturdy and ergonomic main handle provides a freedom of mobility you haven't experienced before. The i-vac 5 goes wherever you go!

## 3 piece wand & flexible hose

Double extrusion for extra stability at both ends, as they are the most stressed areas.

# i-brush

In need of some extra power to get the job done? Dirt and dust disappear with the revolving brushes inside our power nozzle.

- On and off control at your fingertips
- Height adjustment with the pedal
- LED lighting for working area
- Telescopic wand with integrated cable and hose
