

Leopard's Leap

ADDING QUALITY TO LIFE

CHESCATO 2022

VARIETIES

50% Chenin Blanc & 50% Muscat

VINIFICATION

The sunshine of Chenin Blanc meets the vibrancy of Moscato in a bright and beautiful wine with a lovely perfume and a flirty touch of sweetness. The Chenin is from the cool town of Darling and the Moscato from Bonnievale just outside Robertson. The Chenin Blanc was picked at 21° and the Muscat at 20° Balling to ensure lower alcohol. The two varieties are vinified separately and then blended to achieve the perfect balance between Chenin and Moscato. A small percentage of the wine's alcohol is also removed and then blended back to get a good balance between fresh acidity and fruitiness.

AROMAS

Imagine a playful perfume that combines caramelised pear and orange peel with fun floral notes such as apple and citrus blossoms.

PALATE

All the juiciness of ripe summer fruit, beautifully balanced by crisp acidity.

OCCASIONS

This wine is a delicious glassful to enjoy on its own in a sunny spot, but it can make the most of any weather. Enjoy Chescato as a partner to subtle spices in wintry Malay-type curries or pour generous glasses with summer's sushi and salads, sandwiches and sweets. Perfect for picnics, parties and playing - whether it is under blue skies or in front of toasty fires.
