

THE 2HR AQUARIST

THE 2HR AQUARIST

Essential all-in-one upgrade for new tanks. Powerful substrate booster + beneficial bacteria

Essential nutrients
and minerals

Prolongs Substrate
Richness

Faster Tank
Cycling

Beneficial Nitrifying
Bacteria

Ammonia to
jump-start cycling

Powerful substrate
enrichment

APT START provides the essential all-in-one upgrade
for every new tank: substrate enrichment (a performance boost for ~90% of aquasoils)
and a potent concoction of starter bacteria to speed up tank cycling.

Download the 2Hr
Start Guide to enjoy a
smoother, faster start.
Less algae, less melt
and more fun.

Didiplis diandra
grown the 2Hr Way

Overleaf: 1-Ludwigia sp. Red, 2-myriophyllum mattogrossense 'Golden', 3-Ludwigia arcuata, 4-Samolus parviflorus red, 5-Micranthemum 'Monte Carlo', 6-Eriocaulon quinqueangulare, 7-Lobelia cardinalis
