ELECTRIC GUITARS

◀V16 ES-0 Berkeley

Check out the curves on this beauty!
Denver luthier Corey Wadley came to
Nashville NAMM with the eye-popping
ES-O Berkeley (\$TBD), which flaunts
7-ply curly maple-and-beech top and
back, scatter-wound pickups, and a Bigsby
B-12 vibrato. v16guitars.com

▼ ASHER GT-3

Like old Teisco guitars, Bill Asher's latest fetching solidbody, the GT-3 (\$3,400 street), has a mahogany body and neck, only his work of functional art is outfitted with Lollar Gold-Foils, a Varitone-style switch, shortened T-style ashtray bridge, and a gold-anodized aluminum pickguard. asherguitars.com
