

# A Day Out Blanket

Designed By Sarah Hatton

WEEK 6 - Mustard Lane

## Hints and Tips

- I used a cable cast on
- You start creating the pattern on the 'wrong side' of your work
- Remember it's a yarn over not a yarn forward to create the bobble
- On row 5 remember there is a knit stitch in between the two purls – I didn't initially!
- The no turn bobbles are fab but may be a little tricky at first. You may want to practise them on some spare yarn. I didn't and my first row of bobble are not very neat!
- I used a 5mm needle and my squares measure 19.5 long x 16.5 cms wide. They will block to 20cms.
