

The Spice of Life Ode to Autumn Colour Pack

Firstly thank you for choosing this colour pack. We had lots of fun putting the colours together. We knew we wanted an autumnal feel and I hope we've achieved it.

Detailed below are the colours and details of how we have substituted the yarns for the original colours. This will replicate our blanket. However please do not get too hung up on the order. It is your blanket and it will look amazing no matter what order you put them in. Relax and enjoy yourself as you hook a family heirloom.

Your kit includes:
