

Terraced Double Bed Extension

Installation Guide

Thank You!

You're only a few steps away from your perfect vegetable garden or elevated planter. We hope you enjoy!

Before You Start

Please read the instructions carefully to familiarize yourself with every detail and step involved. Keep this manual for future reference. Find a suitable space to assemble your new Terraced Double Bed Extension with Everbloom Wallside Raised Garden Bed (Model# R144524) or Cornerstone Raised Garden Bed (Model# R212421). A flat and firm area (like a garage floor or flat yard space) is perfect! The only tool you may need is a rubber mallet.

Important Notes

Small parts are included; we advise you to keep them away from children and pets.
We also suggest having another person help you assemble. Maximum Load capacity: approximately 12 cu. ft. of soil

Parts List
Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

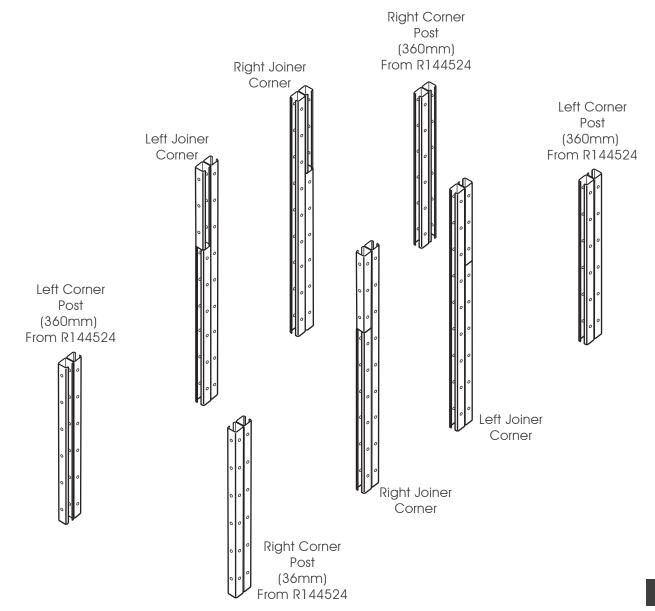

This kit can be assembled with Everbloom Wallside Raised Garden Bed (R144524) to create a Low-Hi-Low triple bed. And it also can be assembled with Everbloom Cornerstone Raised Garden Bed (R212421) to create a Hi-Low-Hi triple bed.

With more of this extensions, you can build 5 beds, 7 beds or more continuous beds in this Hi-Lo version. Every extension can add a pair of Hi-Lo beds additionally, to an unlimited length, as long as your land can take

- * For Low-Hi-Low Triple bed, please follow steps of Assembly 1 from this page.
- * For Hi-Low-Hi Triple bed, please follow steps of Assembly 2 from page 9.

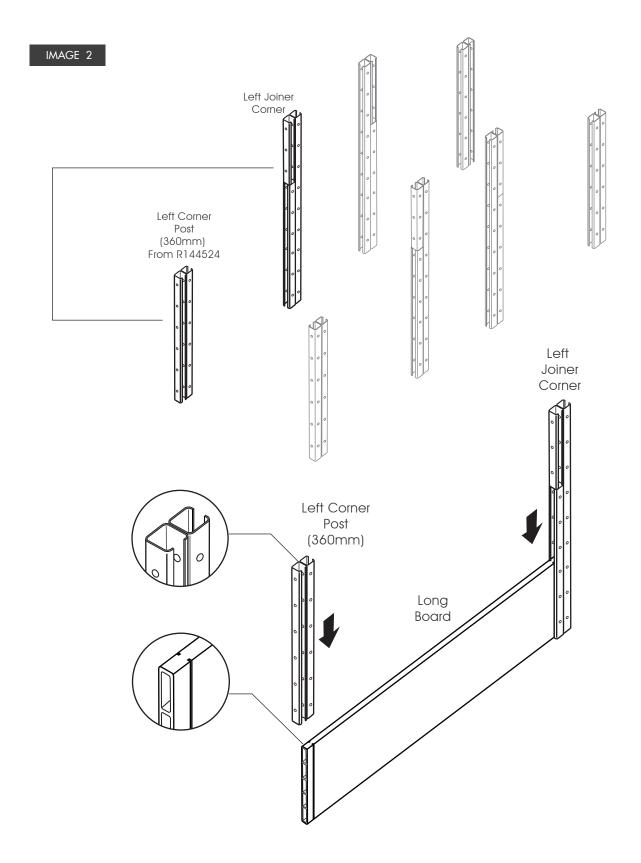

Assembly 1

Start by making sure each corner post is oriented correctly. Reference image 1.

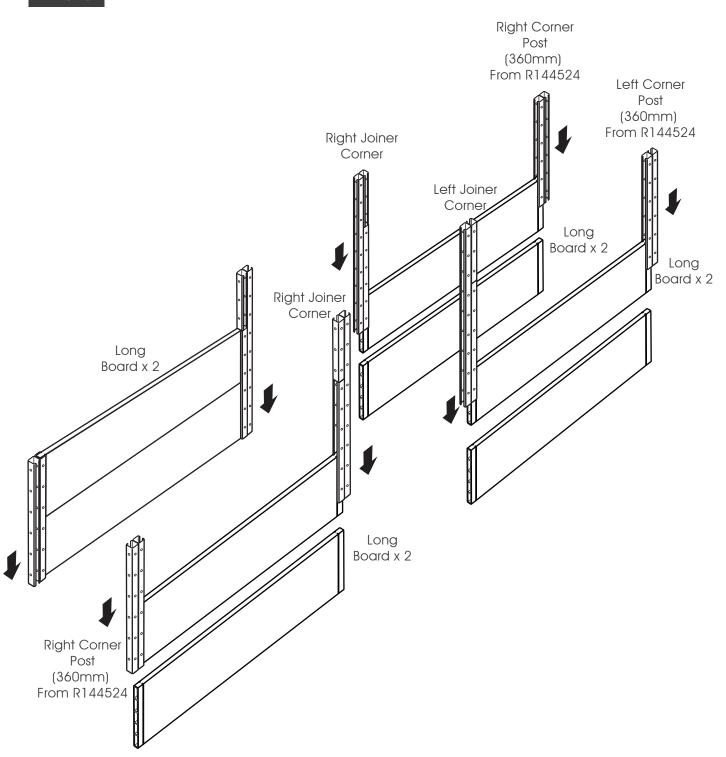

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Fix the left joiner corner and left corner post (360mm) on one long board from above, as shown in Image 2. Note: The boards need to be placed in the inward "U" shape of the brackets. (Image 2).

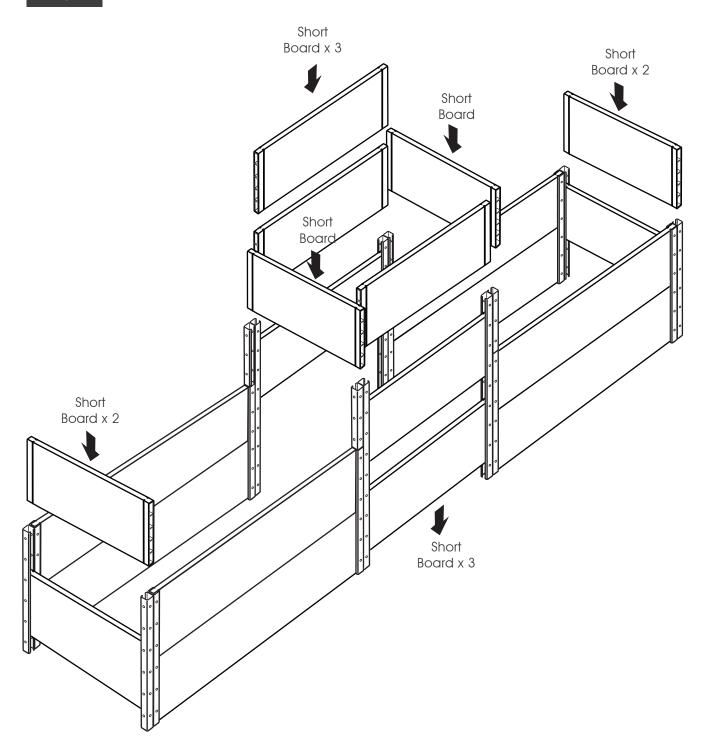

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Fix other joiner corners and corner posts (360mm) on long boards from above, as shown in Image 3.

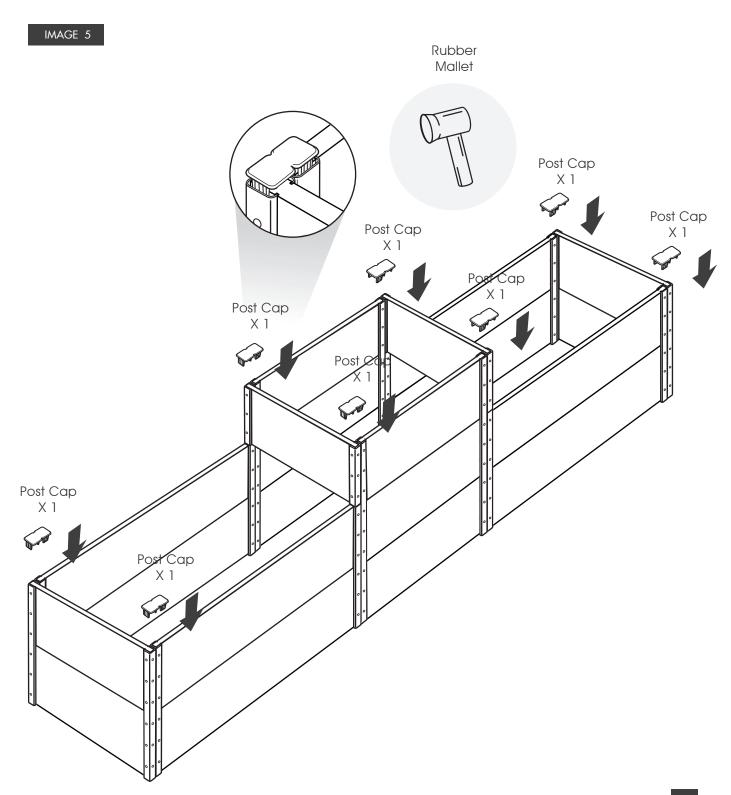

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Slide all the short boards to form the bed, as shown in Image 4.

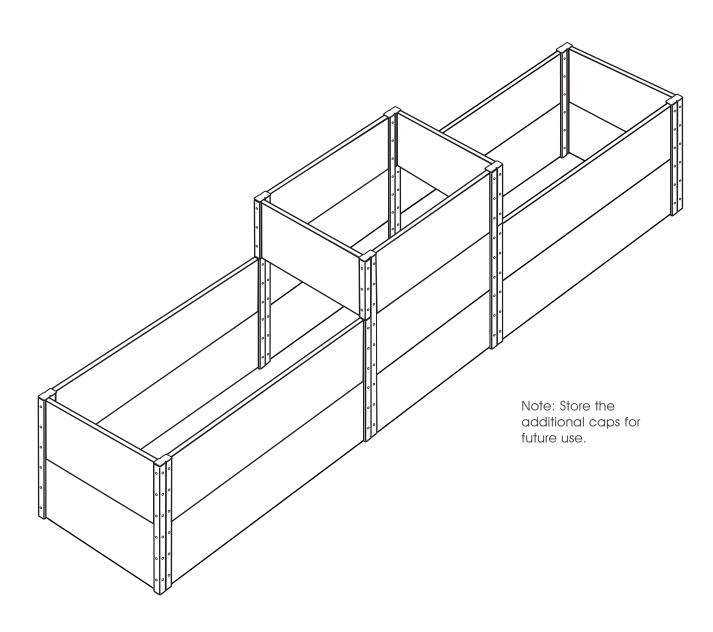

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

If necessary, use your rubber mallet to ensure the boards are tightly in place. Cover the brackets with the 8 end caps, as shown in Image 5.

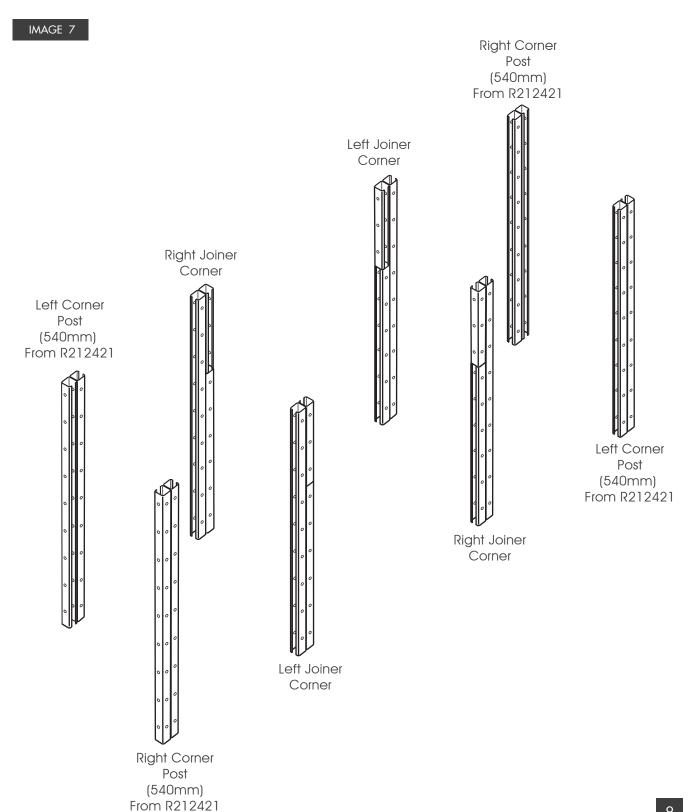

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Now you get a Low-Hi-Low triple garden bed, as shown in Image 6.

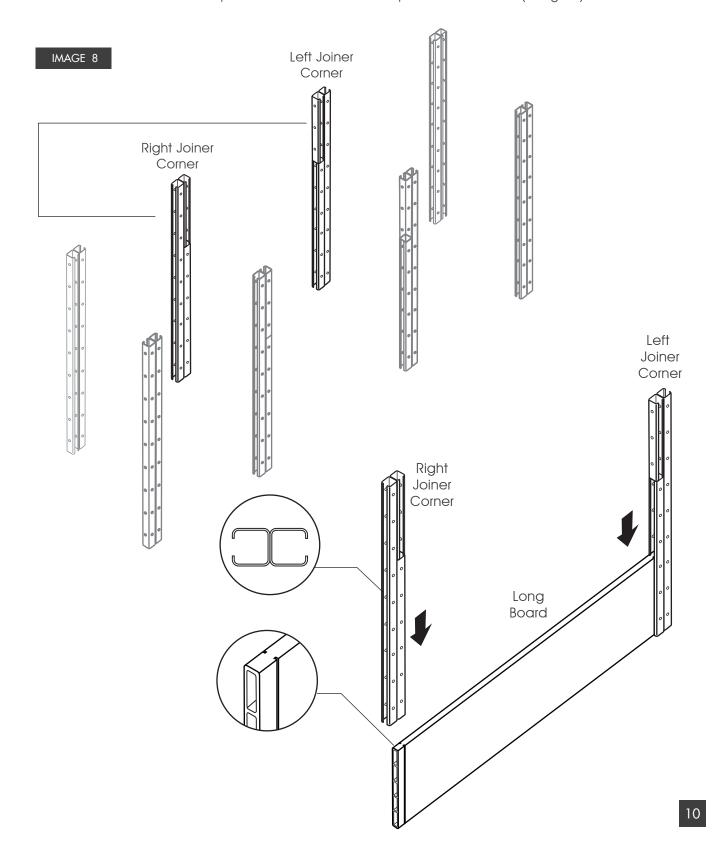

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Start by making sure each corner post is oriented correctly. Reference image 7.

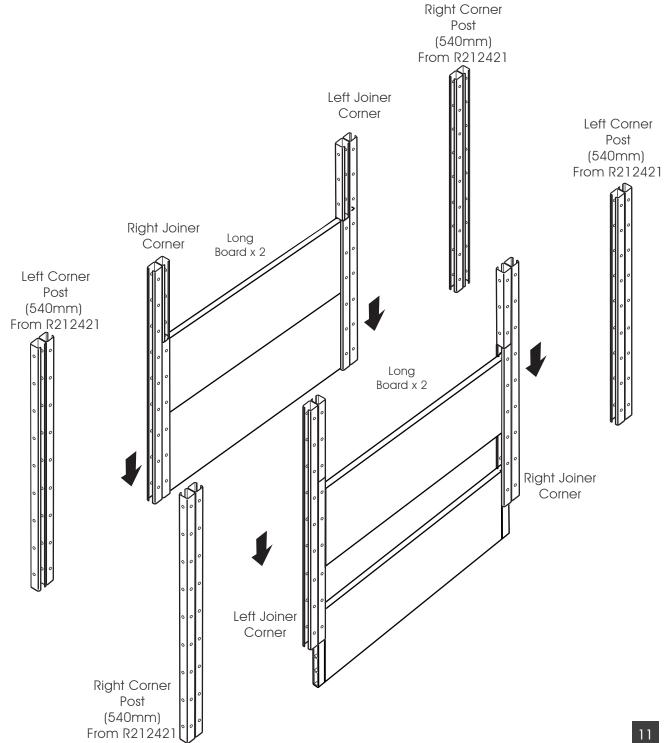

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Fix the right joiner corner and left joiner corner on one long board from above, as shown in Image 8. Note: The boards need to be placed in the inward "U" shape of the brackets. (Image 8).

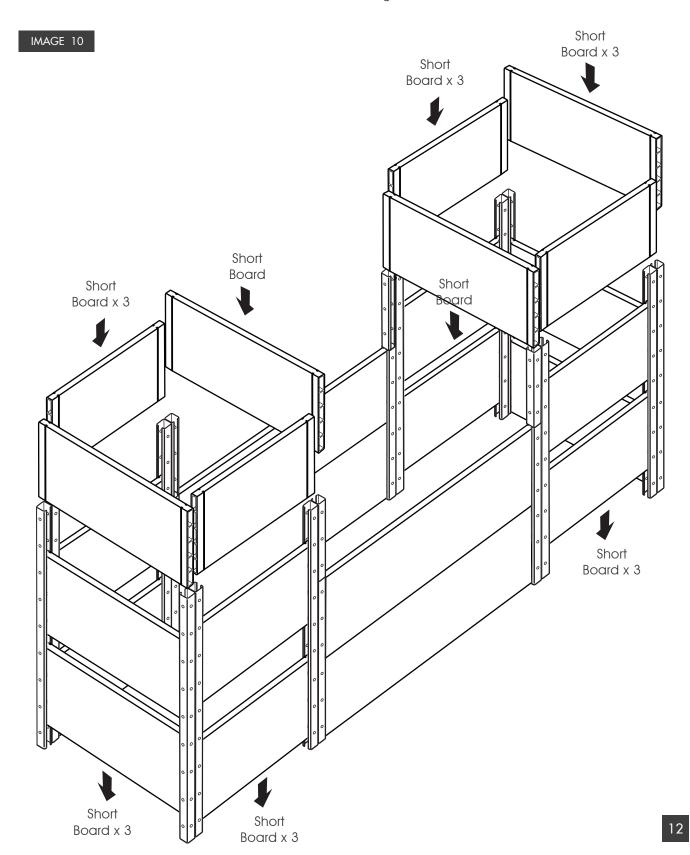

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Slide another long board from bottom and fix another two joiner corners on long boards from above, as shown in Image 9.

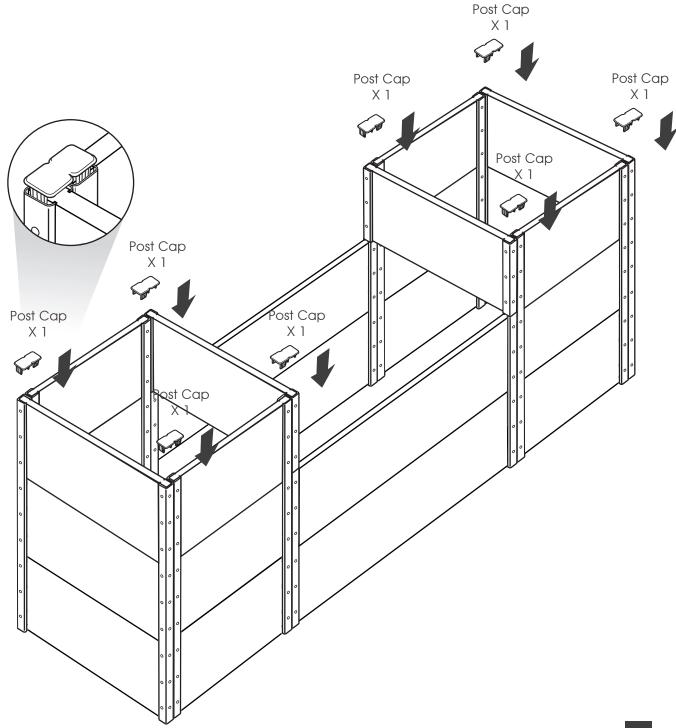

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Slide all the short boards to form the bed, as shown in Image 10.

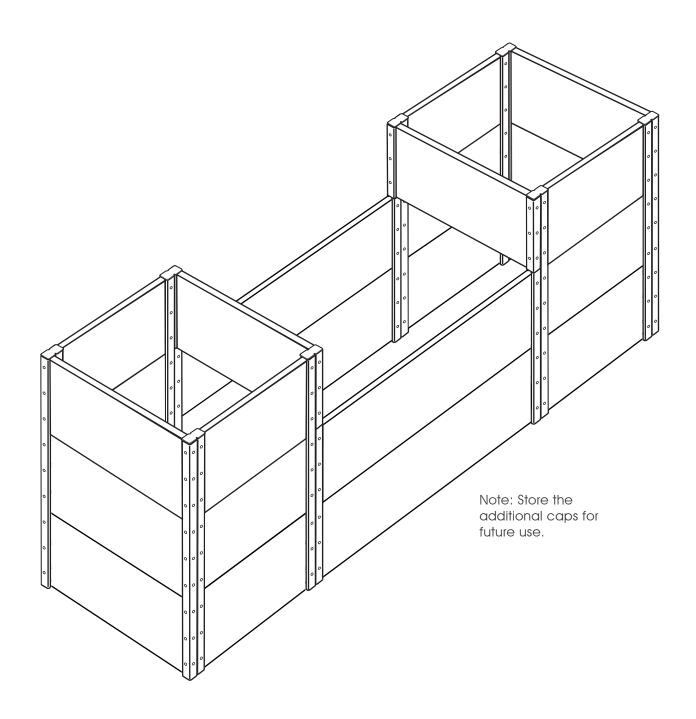

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

If necessary, use your rubber mallet to ensure the boards are tightly in place. Cover the brackets with the 8 end caps, as shown in Image 11.

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Now you get a Hi-Low-Hi triple garden bed, as shown in Image 12.

Note

Terraced Double Bed Extension - 68" L x 21" W x 14" & 21" H

Sometimes there might be a misalignment of the Corner Posts as shown in Image 13 and Image 14, which may result in difficulty of sliding boards into the brackets. Please adjust them to the right position so that they are parallel to each other, and perpendicular to the ground.
