

DIVE 1ST AID™

Are you ready when they're not?

DIVE MASTER KIT

The "Dive Master Kit" is the first product in our professional diver line. This kit includes everything needed to control bleeding, clean, disinfect and cover a variety of wounds, from minor scrapes and cuts to major traumatic injuries. Also included are over the counter medications to care for common ailments such as motion sickness, pain and electrolyte imbalances, as well as supplies to treat marine related bites or stings. Finishing off this kit are all of the instruments you will need including trauma shears, tweezer forceps and a high quality tourniquet. You have taken your training to the professional level; why not ensure you have the tools to match. Available in a padded soft case with shoulder strap, or a waterproof SKB® hard case.

INSTRUCTOR KIT

The "Instructor Kit" has everything in the "Dive Master Kit", plus more. With an increased number of dressings and wound supplies as well as full bottles of medications and skin preparation products, rather than unit dose packages, you have the right amount of supplies need to care for those you teach. Available in a padded soft case with shoulder strap, or a waterproof SKB® hard case.

PRO O² KIT

The "Pro O² Kit" is one of our top of the line kits in our professional series. This kit contains everything found in the "Dive Master Kit" and "Instructor Kit", in equal or greater quantities, but also includes an oxygen tank, variable 15lpm regulator, and a non-rebreather O² mask. Designed with the high level professional diver in mind this kit will enable you to handle anything that comes your way, as well as ensuring your students are in the hands of someone who not only has the training to teach them safe diving, but the equipment to back it up. Available in a padded soft case with shoulder strap, or a waterproof SKB® hard case.
