

# DIVE 1<sup>ST</sup> AID<sup>®</sup>

Are you ready when they're not?

## SCUBA DIVER KIT

Built by divers ... for divers this entry level kit is a great way to ensure you are prepared for minor injuries and illness. We loaded this kit with all the supplies you will need to care for wounds from bleeding control, cleaning and disinfecting, to covering the wound. We have included topical medications to care for stings, burns and minor allergic skin reactions, as well as medications to handle electrolyte loss, minor aches and pains, allergic reactions and motion sickness. Available in a water resistant clam shell or a SKB<sup>®</sup> waterproof hard case, this small but mighty kit will help you handle almost anything that comes your way.

## ADVANCED DIVER KIT

For those that just want to be a little more prepared we have our Advanced Diver Kit. We have taken everything you will find in the Scuba Diver Kit, increased the quantities and added new items. The additional items include eye wash, ear drops for the removal / prevention of getting water in the ear, syringe for irrigation, trauma shears, razor, vinegar, and more. These supplies help deal with marine life bites or stings, as well as most of the illnesses or injuries that may come your way. Packed in a water resistant clam shell or a SKB<sup>®</sup> waterproof hard case, this kit is truly a must have for any advanced diver.

## RESCUE DIVER KIT

You have taken your dive training to the next level, so make sure you have the supplies you need to support that training. Our Rescue Diver Kit is just the kit you need. Included in this kit you'll find everything that is in our Scuba Diver and Advanced Diver Kits but with increased quantities, as well as additional instruments and supplies to handle anything from minor cuts and scrapes to severe injuries with potential for major blood loss. Additional items include bloodstopper bandages, eye pads, iodine prep pads, emergency blanket, instant hot and cold packs, pen light, safety pins, and larger gauze wraps, elastic wraps, gauze pads, cloth tape and vinegar. Packed in a water resistant clam shell or a waterproof SKB<sup>®</sup> hard case, this kit should be a looked upon as a required must have for every rescue diver.
