HI-22A Case & Keg Sack Truck

Case & Keg Sack Truck with adjustable sliding keg hook to clasp the barrel of beer to the frame so that the barrel sits in the curvature to reduce movement. Fitted with a high back handle which allows cases to be stacked higher, ensuring whether your drops are kegs or cases you have both covered with one sack barrow. Constructed from heavy duty angle iron to give a superbly ridged frame. Fitted with a 20mm solid bar axle and supplied as standard with Pneumatic tyres on bolted steel centres to enable the changing of tyres to be quick, easy and topped off with fully cased ball bearing to give a smooth ride and long life. You can upgrade the tires to either our Cellular Foam Filled Wheel OR Polyurethane Foam Tyre which will never puncture. The frame is finish in a safety 'hi-vis' yellow powder coated, stove baked, constructed from heavy duty angle iron for maximum strength.

Options

Our 20mm solid Sack Truck axles can fit both traditional Pneumatic Wheels or upgrade to our Polyurethane Puncture Proof wheels. No more flat tyres or punctures increasing safety and productivity.

Our handles come with multiple grip options. The standard is a durable rubber grip, alternately we also supply a knuckle guard grip or a comfort foam grip.

3 toe plate size options are available for our standard range: 250mm / 350mm / 450mm.

Safety straps are also available to accompany all our sac trucks for securing taller and heavier loads.
