## HI-36-DST19 DIY Store Trolley

DIY Store Trolley as you would find in your local DIY merchants, constructed from heavy duty tube section steels to ensure a durable longevity, the truck will carry panels in the uprights, boxes and tubs on the base, long length straddled across the base which the solid parts try means that your customers will not lose their smaller item. The truck is mounted on 200mm wheels, which raises the bed height, and also gives an unrivalled 500kg capacity, The base is an 18mm weather proof plywood which offers a nice flat loading surface so that goods are not lost off the trolley. Finished in a baked epoxy powder coated frame ensuring that the unit will look great for years to come.

### Options

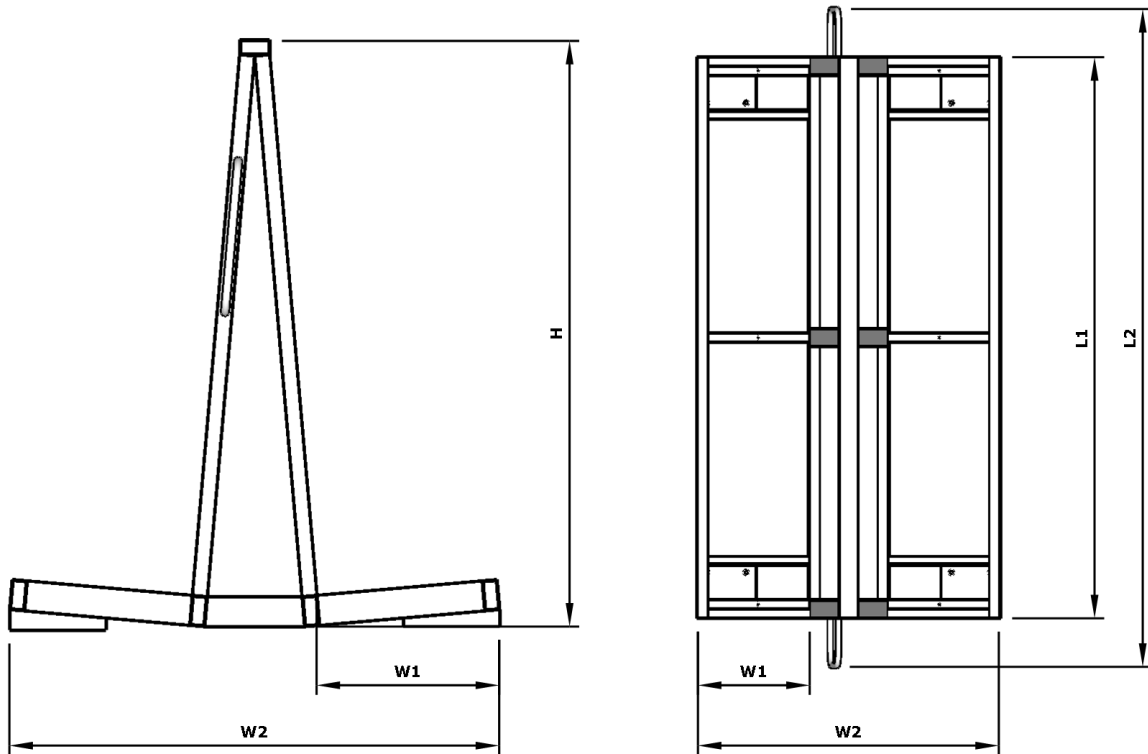

Safety straps are also available to accompany all our products for securing taller and heavier loads.
