

## HI2085 Folding Sack Truck

The Folding Sack Truck HI2085, small enough to fit in the foot well of a car when in the collapsed position, but strong enough to cope with 200kg load, one of the few folding sack trucks available on pneumatic tires, and these can be upgraded on order to our new polyurethane wheels which are totally puncture proof. The ideal tool for couriers, van drivers or for field based service engineers as this sack barrow will take up very little room.

### Options

This model can safely support up to 200kg.

Safety straps are also available to accompany all our sac trucks for securing taller and heavier loads.

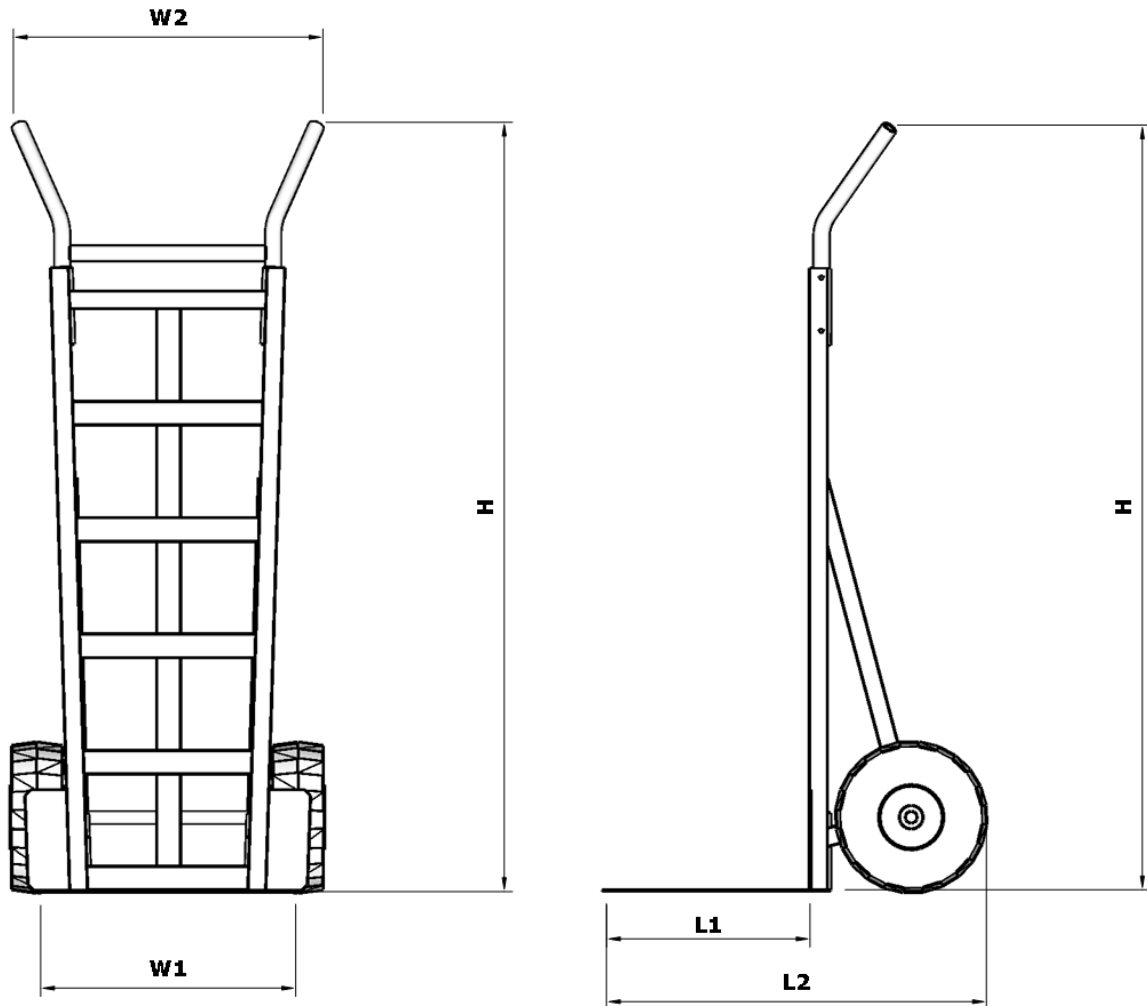

This model can fit either traditional Pneumatic Wheels or be upgraded to our Polyurethane Puncture Proof wheels. No more flat tyres or punctures increasing safety and productivity.
