# 00324072 - RECREATIONAL PADDING KIT

72" WIDE RECTANGULAR WOOD BACKBOARDS

## SPECIFICATIONS

Pads shall be molded from gray, self-skinning type Urethane Foam for a tough exterior skin. Pads shall be molded as a matched pair with self-aligning, interlocking extension sections as required to fit 72" wide backboards. Pads shall be molded in an L-shape (cross section) to provide for proper drainage for outdoor usage.

Bolt-on feature shall be provided by steel inserts at the mounting locations which provide strength and stiffness, and sheet metal screws which are easily secured to the backboard by means of a portable drill.

For details on compatible backboards see B-200.

## WARRANTY

- 324 pads furnished with a 1-year limited warranty.
