RAIN COVER SET-UP INSTRUCTIONS

Step 1

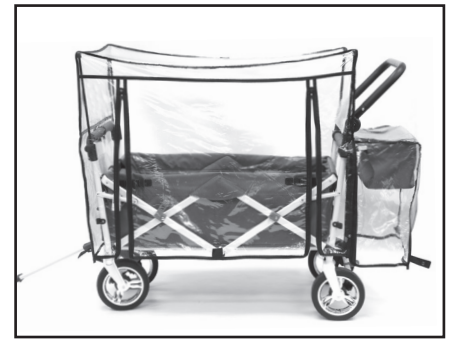

Release all 4 canopy rods from their retaining clips. Press button with thumb and rotate canopy rods to vertical position. Release button to lock in vertical position.

Step 2

Unclip pull handle and gently rest it on the ground. Ensure no one will trip on the handle during this step. Unfold rear basket into upward position.

Step 3

Unfasten snaps, zippers, and hook and loop strips on Rain Cover before installing. Ensure all four canopy rods are correctly positioned in the 4 corners of Rain Cover.

Step 4

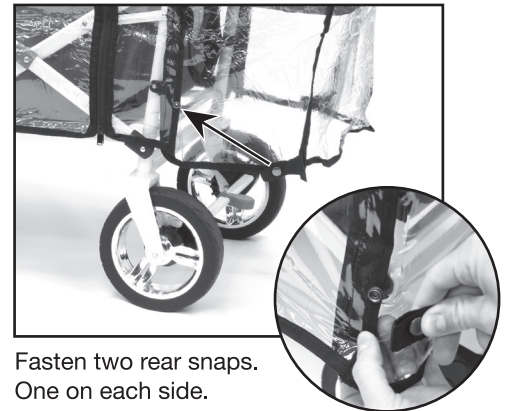

Insert handle clip through cut out in front of Rain Cover. This enables use of the Pull Handle when Rain Cover is installed.

Step 5

Fasten the two hook and loop strips on both sides to the rear of the wagon.

Step 6

Fasten two rear snaps. One on each side.

ACCESS INSTRUCTIONS

Step 1

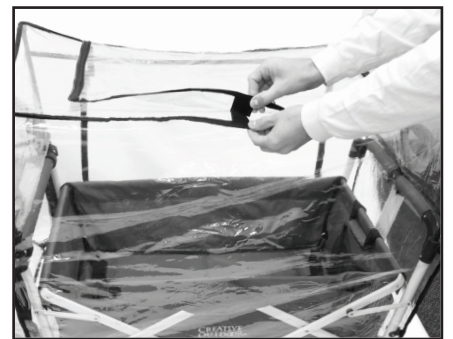

Unzip zippers on side door to access wagon and rear basket.

Step 2

Fold door back onto top of Rain Cover.

Step 3

Secure door to top of Rain Cover with hook and loop patch.

REMOVAL INSTRUCTIONS

Step 1

After use, unfasten snaps, zippers, and hook and loop strips on Rain Cover. Wipe off excess water with clean dry towel and allow Rain Cover to air dry until completely dry.

Step 2

Unclip pull handle and gently rest it on the ground. Ensure no one will trip on the handle during this step. Unfasten snaps, zippers, and hook and loop strips on Rain Cover before removing.

Step 3

Reach hand inside and gently relieve pressure from canopy rods as you carefully lift Rain Cover up and off. Store completely dry, folded or hanging, in a cool, dark location.
