How to measure your ring size.

Please note:

- Before printing make sure that the page scaling is set to 'None' in your print options.
- Ensure that you are printing on a standard A4 sized paper (210 x 297mm).
- Your ring sizer should measure 160mm in length.

Option 1. Measure an existing ring

1. Select an existing ring that fits your desired finger.
2. Place the ring over the circles below until the inside circumference of the ring matches a specific circle.
3. If your ring falls in between two sizes, consider the width of the band. A wider band may require a slightly larger ring size.

Option 2.

1. Print and carefully cut out the below ring sizer.
2. Place the end of the ring sizer through indicated slit to form the loop.
3. Wrap the loop around your finger with the letters side visible. The letter that appears closest to the slit is your ring size.
