

USE & CARE INSTRUCTIONS

Solenco 204 Air Purifier

READ AND SAVE THESE INSTRUCTIONS

WARNINGS

Failure to comply with the warnings listed below may result in electric shock or serious injury.

 This product should be used only in accordance with the specifications outlined in this manual. Usage other than what has been specified here may result in serious injury.

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

- Read all instructions before using appliance.
- To avoid fire or shock hazard, plug the appliance directly into a right AC electrical outlet.
- Keep the cord out of heavy traffic areas. To avoid fire hazard, NEVER put the cord under rugs, near heat sources, radiator, stoves or heaters.
- To protect against electrical hazards, DO NOT immerse in water or other liquids. Do not use near water.
- Children cannot recognize the hazards associated with the usage of electrical appliances. For this reason, always supervise children when they are near the unit.
- Always unplug the air purifier before moving it, opening the grill, changing filters, cleaning or whenever the air purifier is not in use. Be sure to pull by the plug and not the cord.
- NEVER drop or insert any object into any openings.
- DO NOT run cord under carpeting.
- DO NOT cover cord with throw rugs, runners, or similar coverings.

- DO NOT route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.
- DO NOT operate any appliance with a damaged cord or plug, if the motor fan fails to rotate, after the appliance malfunctions or if it has been dropped or damaged in any manner. Send to Customer Service for assistance.
- Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock or injury to persons.
- DO NOT use outdoors.
- DO NOT place anything on top of unit.
- NEVER block the air openings, grills/outlets or place on a soft surface such as a bed or sofa, as this could cause the unit to tip over, blocking the air intake or outtake opening.
- DO NOT attempt to repair or adjust any electrical or mechanical functions on this unit. Doing so will void your warranty. The inside of the unit contains no user serviceable parts. All servicing should be performed by qualified personnel only.
- WARNING: To reduce the risk of fire or electric shock, do not use this device with any solid-state speed control device.
- This device contains a UV lamp. If the device is used incorrectly or the casing is damaged, it may cause dangerous UV radiation to overflow. Even a small dose of UV radiation may damage glasses and skin.

PRODUCT STRUCTURE

AIR CLEANING SYSTEM

Improve your indoor air quality with multiple Air Cleaning System.

PRE-FILTER: Captures initial large particles and dust.

ANTIVIRAL HEPA FILTER : Captures dust, smoke, pollen and other allergens, also against virus such as SARS-CoV-2 & H1N1.

CARBON FILTER: Eliminates odours and bad smells.

UV-C: UV Light destroys micro-organisms such as germs, viruses, bacteria and fungi (such as mould toxins).

How to connect WIFI

1. Make sure your phone is connected to your WIFI (Not your phone data) during the processes of adding the device to your APP.
2. Make sure the WIFI ICON on the air purifier display is flicking. If not, just press and hold the WIFI button for 5 seconds to active the WIFI connection.

Step 1: Download and register your ‘Smart Life’ APP.
Both IOS and Android system are available

Step 2: Add your air purifier to your APP

There two options to add your air purifier to your APP

Option 1: Your smart phone Bluetooth is on.

When you add the air purifier, the device will appear by itself, you just need to touch “Go to add” and select the device. Enter the password of your WIFI which your phone is connected.

Option 2: Your smart phone Bluetooth is off

Touch “add device” and chose Small home appliance---Air purifier
Enter the password of your WIFI which your phone is connected.

Step 3: Control the device by APP

The device you add will show in your Smart Life APP. You can control the air purifier by your phone from anywhere, just make sure your phone is connected to the internet, and the air purifier is connected to your WIFI.

If your air purifier needs to connect to a new WIFI connection, you will need to reconnect the device as above.

INSTALLING & REMOVING FILTERS

FILTER REPLACE INDICATOR

The FILTER icon lighting up on red indicates that it is time to replace the filter. Follow the instruction below to change filter and reset the program.

Remark:

* Remember to tear off the packing bag of the new filter before replacing it.

* Combination Filter will last approximately 6 months.

1. Flip the unit upside down, with the display panel facing the floor
2. Rotate and lift the base cover;
3. Change the used filter to a new filter;
4. Reattach the base to the unit;
5. Flip the unit back over to the display facing up;
6. Reset the filter timer by filter reset button.

CLEANING & MAINTAINING

The machine should be cleaned at least once every month by a clean, dry, soft cloth.

More frequent cleaning may be required depending on environmental conditions.

NOTE:

Do NOT stick any foreign objects or your fingers inside of the unit.

Do NOT use gasoline, benzine, thinner, harsh cleaners, etc. on and/or in

the unit while cleaning as they will damage the product.
