

GRIPPS®

H01068 COIL TETHER SINGLE-ACTION - 0.75KG/1.65LB

Designed to securely attach to a tool belt, pouch, holster, or harness, the GRIPPS® Coil Tether Single-Action is engineered to remain unobtrusive when idle, effortlessly extending to its full length when the tool is in operation.

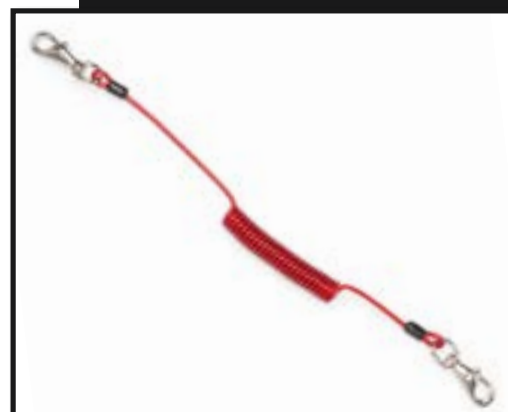

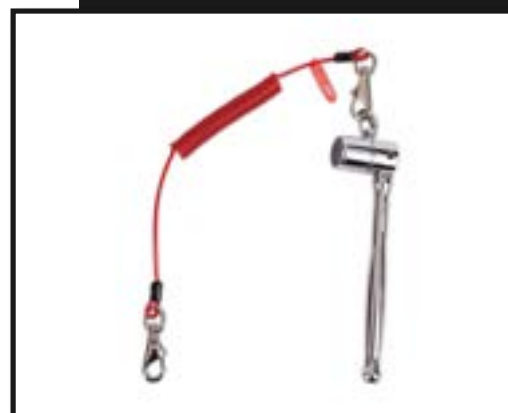

Equipped with lightweight single-action carabiners affixed to swivel heads, it minimises tangling and undue strain during tool usage.

Featuring an extra-thick PU coating over stainless steel coil, it guards against kinking and withstands heat and sharp edges with resilience.
