H01123 TOOL GRAPPLE® WITH AUTO-STOP

The GRIPPS® Tool Grapple® With Auto-Stop 2kg / 4.4lb features as an auto-stop function that allows you to lock the length of the wire cable to any length, avoiding tension on the tether while working.

With a revised load rating of 2kg/4.4lb you can attach it to a harness, work belt or wrist band, simply connect your tool to the GRIPPS® Tool Grapple® With Auto-Stop via a GRIPPS® tool connector or tool tether.

During testing, the GRIPPS® Tool Grapple® With Auto-Stop is exposed to temperatures of 35-degrees Celsius to 45-degrees Celsius ensuring it performs in a range of harsh environments.

KEY FEATURES

Dual-lock carabiner included for rapid convenience when attaching to your tool.

Rubber ABS synthetic housing.

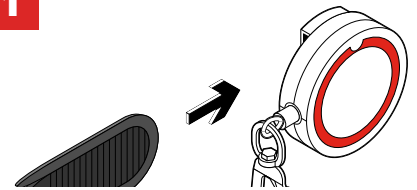

PU coated stainless steel woven wire cable tether.

1.25m / 49"
auto-retracting
wire cable tether.

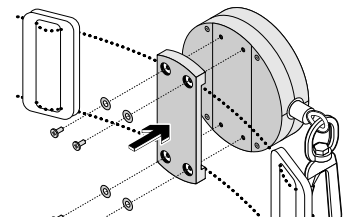

HOW TO USE

1

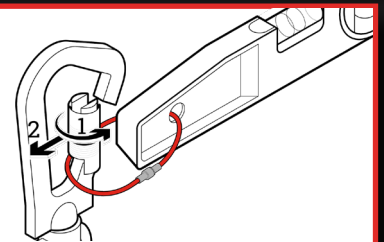

Slide belt through belt housing. If that is not possible, then unscrew the belt cover from the Tool Grapple® housing.

2

Place harness or belt on the Tool Grapple® then screw the belt cover back on. Ensure the position of the Tool Grapple® does not interfere with the functionality of the harness.

3

Connect the Tool Grapple® carabiner to your tool.
