H10021 BUNGEE TETHER DUAL-ACTION CARABINER - 7KG/15LB

Engineered to accommodate heavy tools, the GRIPPS® Bungee Tether Dual-Action Carabiner features an oversized dual-action carabiner, elasticised webbing manufactured from robust polyester, and a high-visibility wide tail loop with an additional grip-weave for secure fastening to tools or anchor points.

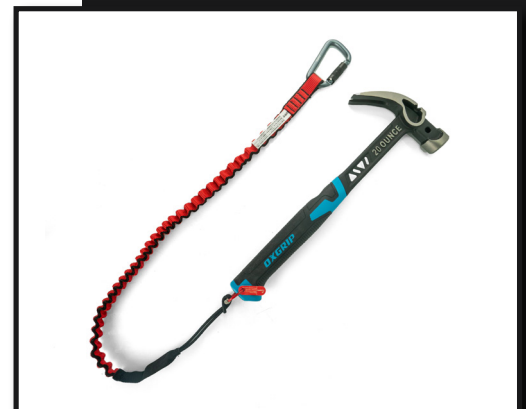

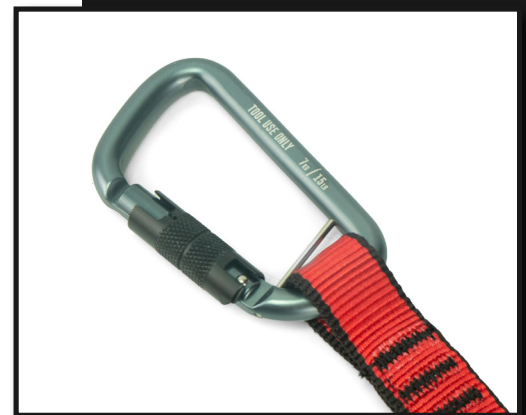

In addition to its lightweight design, the elastic properties of the bungee material efficiently absorb the downward force generated by a dropped tool.

STANDARDS AND COMPLIANCE

- ANSI/ISEA 121-2018 Certified

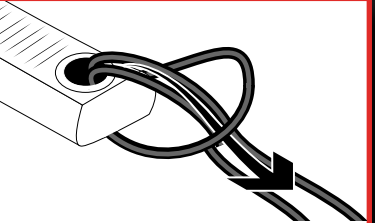

HOW TO USE

1

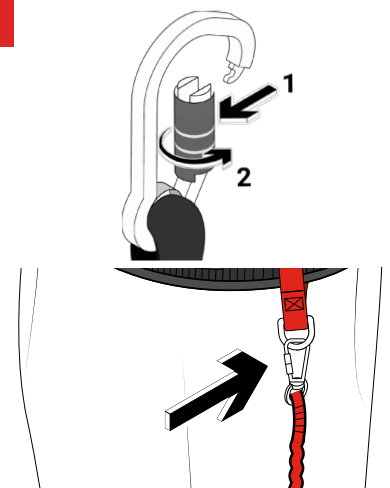

To attach using the loop, pass the loop through a point on the tool.

2

Feed the carabiner-end of the tether through the loop and pull tightly to create a secure connection.

3

Open/close carabiner as required.

***DO NOT CONNECT A BUNGEE TETHER TO YOUR WRIST**
