## H07001 RATCHET / WRENCH CONNECTOR PACK 1.0KG/2.2LB

*Secure your ratchet or wrench to your tool belt easily using the trusted GRIPPS® Ratchet/Wrench Connector Pack 1.0kg/1.2lb. Featuring both a GRIPPS® Screwlock Cable and GRIPPS® Swivel Catch to provide a robust tool connection point.*

The Swivel Catch works to prevent tangles when working with hand tools at height. A load rated swivel point allows for a 360-degree operational range of motion, while the cord loop can be attached directly to your retractor, to minimise tension from the retractor whilst you work.

**2.2<sub>LB</sub>** **1.0<sub>KG</sub>**

MAX LOAD:

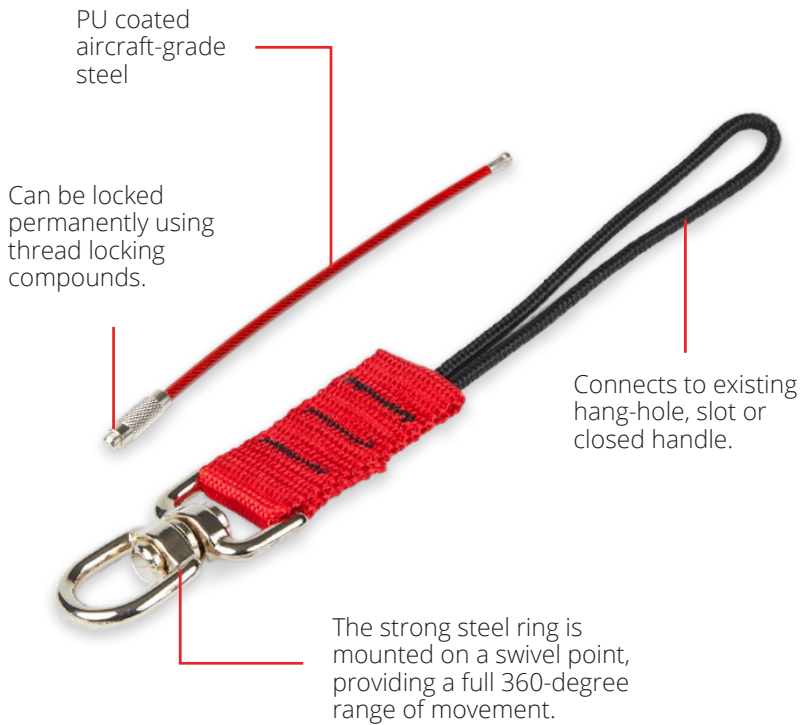

**51<sub>IN</sub>** **1.3<sub>M</sub>**

MAX TETHER LENGTH:

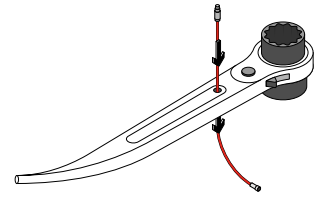

THE LEADERS IN FALLING OBJECT PREVENTION

## KEY FEATURES

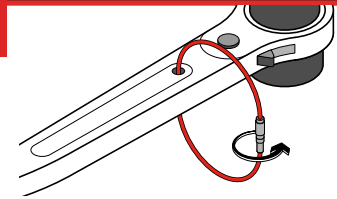

1

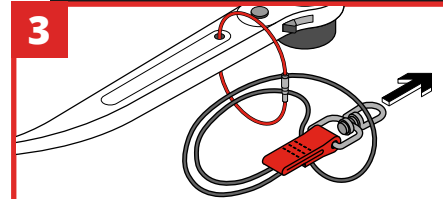

Thread Screw Lock Cable through the hole in the tool.

2

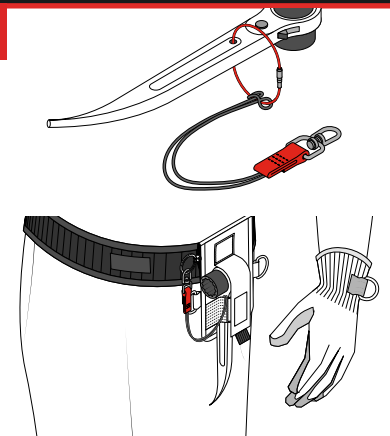

Apply a small amount of thread locking compound to the inner thread. Then screw ends of cable together completely.

3

Apply the Swivel Catch, by choking it through the Screw Lock cable.

4

Your Ratchet/Wrench is ready to apply to a GRIPPS® Retractable Tool Belt or other suitable GRIPPS® tether.
