- Avoid contact between any connected tethers and rough or sharp
- · All connected tools and equipment, including connection points, must be compatible for use with this DTP device.
- Always wear appropriate personal protective equipment.

- If a tether has arrested a dropped tool or object, it should be taken out of service and replaced.
- All procedures shown in this instruction are for GRIPPS® Phone/ Tablet Gripper products only.

GENERAL USE AND CARE

Compatible with a wide range of monitors, including RadMan's, the Monitor/RadMan Holster allows safe transportation and operation of monitors when working at height. Easily mounted to either work belts or harnesses, the Monitor/RadMan Holster uses a two-way Velcro mounting sleeve to secure itself to the user.

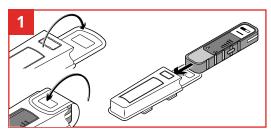

Recommended Use of GRIPPS® Monitor/RadMan Holster:

1. 1. Do not use with devices that exceed maximum load of 0.5kg / 1.0lbs.

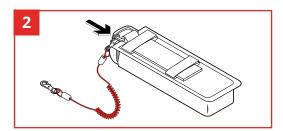

Before Use:

Thoroughly inspect your GRIPPS® DTP device before each use. Do not use any component that presents deformities or deterioration. Inspect all material including the carabiner and tether.

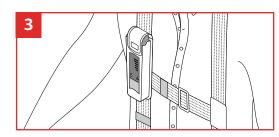

HOW TO USE / INSTRUCTIONS:

Ensure Radman or electronic device has a GRIPPS® E-Catch applied. Open top cover and slide Radman/device all the way to the bottom of holster. Close top cover after.

Connect a GRIPPS® Poly Clip to the D-Ring at top of holster by pressing clip end into D-Ring.

Attach holster to personal working at heights harness strap.

After Use Care:

Clean and inspect the holster and any connected tethers. For tougher stains, use warm water and a mild soap or detergent. Do not use again until dry.

Store in a clean and dry environment. Proper care will help to ensure that it will operate effectively and extend its service.
