GRIPPS® Belt-Loop Anchor

SAFETY INFORMATION

⚠️ WARNING Before using GRIPPS® Belt-Loop Anchors, read all provided safety information pertaining to the use of your Dropped Tool Prevention (DTP) device. **FAILURE TO DO SO COULD RESULT IN INJURY OR DEATH.**

The user of a DTP device bears the responsibility of reading all safety information contained herein. Keep this manual for future reference.

Intended Use:

When used properly, GRIPPS® Belt-Loop Anchors can prevent workplace hazards resulting from dropped tools. These may include personal injury and material damage.

GRIPPS® does not approve use of this device for any activities not described in the User Instructions. This device is not intended to be used in any recreational activity, as a personal fall-arrest device or in any other manner not described herein.

⚠️ WARNING Misuse of this device could result in serious injury or death.

Adhere to all manufacturer recommendations regarding the operation and maintenance of this device. For additional information, contact GRIPPS® customer support.

Read and adhere to the following in order to ensure correct operational functionality:

- Your DTP should never be used as a personal fall-arrest device or restraint system.
- Do not use this device with tools that exceed the specified maximum load/weight.
- A DTP device used in applications that exceed the limits of operation specified by the manufacturer should be considered unsafe and should be replaced.
- Do not tether a tool over 2.5kg/5.5lbs directly to your clothing or person.
- Inspect your DTP device before each use.
- Ensure the DTP device is securely connected to a load rated tool connector or anchor point before use.
- Inspect any tool connector point before it is connected to the DTP device.
- Modification of the DTP device voids all warranties and violates manufacturer recommendations.
- Do not use a tool that cannot be connected to your DTP in the manner specified by GRIPPS®.
- It is unsafe to extend the length of the DTP product by any means.
- Do not use this product if it will create an unsafe working environment.
- Use extra precaution around moving machinery, moving parts, electrical hazards, extreme temperatures, chemical hazards, or combustion hazards.
- Avoid contact between the Belt-Loop Anchor and rough or sharp edges.
- All connected tools and equipment, including connection points, must be compatible for use with this DTP device.
- Always wear appropriate personal protective equipment.

- All procedures shown in this instruction are for GRIPPS® Belt-Loop Anchor products only.

GENERAL USE AND CARE

GRIPPS® Belt-Loop Anchors are designed to be used with 50mm/2.0" tool belts to create an instant load rated anchor point.

Recommended Use of GRIPPS® Belt-Loop Anchors:

1. Use for tools that weigh up to 2.5kg/5.0lbs.
2. Use with the GRIPPS® range of work belts.

Before Use:

Thoroughly inspect your GRIPPS® DTP device before each use. Do not use any component that presents deformities or deterioration.

Belt-Loop Usage Instructions:

To connect to a work belt

1. Thread work belt through the loop.

2. Slide Belt-Loop Anchor along the work belt to where you want it positioned.

To connect to a tether to the Belt-Loop Anchor

1. Thread the loop of the tether through the metal ring.

2. Thread the carabiner end of the tether through the loop and pull tightly to create a secure connection.

3. Alternatively, connect the carabiner end of the tether directly to the metal ring.

After Use Care:

Clean and inspect the Belt-Loop Anchor and connected tool. For tougher stains, use warm water and a mild soap or detergent. Do not use again until dry.

Store in a clean and dry environment. Proper care will help to ensure that it will operate effectively and extend its service.
