GRIPPS® Phone & Tablet Gripper

SAFETY INFORMATION

⚠️ WARNING Before using the GRIPPS® Phone/Tablet Gripper, read all provided safety information pertaining to the use of your Dropped Tool Prevention (DTP) device. **FAILURE TO DO SO COULD RESULT IN INJURY OR DEATH.**

The user of a DTP device bears the responsibility of reading all safety information contained herein. Keep this manual for future reference.

Intended Use:

When used properly, the GRIPPS® Phone/Tablet Gripper can prevent workplace hazards resulting from dropped tools. These may include personal injury and material damage.

GRIPPS® does not approve use of this device for any activities not described in the User Instructions. This device is not intended to be used in any recreational activity, as a personal fall-arrest device or in any other manner not described herein.

⚠️ WARNING Misuse of this device could result in serious injury or death.

Adhere to all manufacturer recommendations regarding the operation and maintenance of this device. For additional information, contact GRIPPS® customer support.

Read and adhere to the following in order to ensure correct operational functionality:

- Your DTP should never be used as a personal fall-arrest device or restraint system.
- Do not use this device with tools that exceed the specified maximum load/weight.
- A DTP device used in applications that exceed the limits of operation specified by the manufacturer should be considered unsafe and should be replaced.
- Do not tether a tool over 2.5kg/5.5lbs directly to your clothing or person.
- Inspect your DTP device before each use.
- Ensure the DTP device is securely connected to a load rated tool connector or anchor point before use.
- Inspect any tool connector point before it is connected to the DTP device.
- Modification of the DTP device voids all warranties and violates manufacturer recommendations.
- Do not use a tool that cannot be connected to your DTP in the manner specified by GRIPPS®.
- It is unsafe to extend the length of the DTP product by any means.
- Do not use this product if it will create an unsafe working environment.
- Use extra precaution around moving machinery, moving parts, electrical hazards, extreme temperatures, chemical hazards, or combustion hazards.
- Avoid contact between any connected tethers and rough or sharp edges.
- Regularly inspect the Phone/Tablet Gripper & connected tethers to ensure it is free from any dust, grime or debris.

- All connected tools and equipment, including connection points, must be compatible for use with this DTP device.
- Always wear appropriate personal protective equipment.
- If a tether has arrested a dropped tool or object, it should be taken out of service and replaced.
- All procedures shown in this instruction are for GRIPPS® Phone/Tablet Gripper products only.

GENERAL USE AND CARE

The GRIPPS® Phone/Tablet Gripper allows for the tethering of your phone/mobile device without the need for a permanent or semi-permanent connection point. Used in conjunction with a load-rated tether, the Phone/Tablet Gripper uses purpose-built silicon to create a fully load-rated mobile device tethering solution with zero impact on device operation.

Recommended Use of GRIPPS® Phone/Tablet Grippers:

1. Use with rectangular shaped devices with a minimum size of 135mm x 65mm x 7.0mm (5.3" x 2.5" x 0.3") and a maximum size of 160mm x 80mm x 10mm (6.3" x 3.0" x 0.4")
2. Only use in conjunction with GRIPPS® Coil Tethers, such as product codes: H01070 & H01075
3. Ensure the Phone/Tablet is secured within the Phone/Tablet Gripper by tugging on the attached tether prior to operating at height.

Before Use:

Thoroughly inspect your GRIPPS® DTP device before each use. Do not use any component that presents deformities or deterioration.

Phone/Tablet Gripper Usage Instructions:

To install Phone/Tablet Gripper to device

1. Ensure that each corner of the Phone/Tablet Gripper is pulled over each corner of the phone/tablet, as far in as they will go.

To tether Phone/Tablet Gripper

1. Tether the device by looping a GRIPPS® code: H01070 or H01075 Coil Tether through the circular Tool Connector point.

2. Anchor the phone or tablet to a thick piece of fabric, such as a pocket liner.

After Use Care:

Clean and inspect the Phone/Tablet Gripper and any connected tethers. For tougher stains, use warm water and a mild soap or detergent. Do not use again until dry.

Store in a clean and dry environment. Proper care will help to ensure that it will operate effectively and extend its service.
