MAX LOAD : 0.5 KG / 1.1 LBS

COIL E-TETHER WITH DUAL LOCKING CARABINER & E-CATCH

CODE : H01053

The Coil E-Tether With Carabiner and E-Catch creates non-conductive drop prevention solutions for items that otherwise are very difficult to tether (or do not come with an existing loop/hang hole).

The Coil E-Tether With Carabiner and E-Catch creates non-conductive drop prevention solutions for items that otherwise are very difficult to tether (or do not come with an existing loop/hang hole), and the PU coated coil ensures that it is out of the way when not in use.

The included E-Catch features heavy-duty industrial-grade VHB adhesive, allowing it to attach to almost all surfaces, creating a load rated tool connection point instantly. Designed with electronic devices in mind, the E-Catch has a flexible, notched design that allows it to adhere to curved surfaces.

KEY FEATURES

E-Catch Included

PU coated coil for rugged use

Dual Locking Carabiner

Low profile & lightweight

Attaches to devices with and without tether attachment
